I. INTRODUCTION**A. RISK FACTORS****Standard Risk Factors**

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the Schemes invest fluctuate, the value of your investment in the Schemes may go up or down
- Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the Schemes.
- The names of the Schemes do not in any manner indicate either the quality of the Schemes or their future prospects and returns.
- The Sponsor is not responsible or liable for any loss resulting from the operations of the Scheme beyond the initial contribution of Rs. 2,00,000/- (Rupees Two Lacs Only) made by it towards the setting up of the Mutual Fund.
- The present schemes are not guaranteed or assured return schemes.

Schemes Specific Risk Factors**1. Risks associated with equity and equity related instruments:**

Equity and equity related instruments by nature are volatile and prone to price fluctuations on a daily basis due to macro and micro economic factors. The value of Equity and Equity Related Instruments may fluctuate due to factors affecting the securities markets such as volume and volatility in the capital markets, interest rates, currency exchange rates, changes in law/policies of the Government, taxation laws, political, economic or other developments, which may have an adverse impact on individual securities, a specific sector or all sectors. Consequently, the NAV of the Units issued under the Schemes may be adversely affected.

Further, the Equity and Equity Related Securities are risk capital and are subordinate in the right of payment to other securities, including debt securities.

Equity and Equity Related Instruments listed on the stock exchange carry lower liquidity risk; however the Schemes' ability to sell these investments is limited by the overall trading volume on the stock exchanges. In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of a Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolio may result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held in the Scheme's portfolio.

The Schemes may invest in securities which are not listed on the stock exchanges. These securities may be illiquid in nature and carry a higher amount of liquidity risk, in comparison to securities that are listed on the stock exchanges or offer other exit options to the investor. The liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.

2. Risks associated with Fixed Income and Money Market Instruments (Not Applicable to Taurus Ethical Fund):

Price Risk/Interest Risk

Fixed Income and Money Market Instruments carry price risk (also known as interest rate risk). Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rate falls, the prices increase. In case of floating rate instruments, the general level of price risk is low (as compared to fixed rate instruments), however, these instruments are also subject to some amount of interest rate risk as the spread over the benchmark rate may change. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Prices of bonds/money market instruments traded change frequently (up or down) which in turn leads to changes in the NAV of the scheme which holds such securities.

Credit Risk

Credit risk or default risk refers to the risk that the issuer of a fixed income security may default on interest payment or paying back the principal amount on maturity. In case of Government Securities, there is minimal credit risk. Lower rated or unrated securities carry a higher credit risk as compared to higher rated securities.

Liquidity or Marketability Risk

The ability of a fund to execute sale/purchase orders is dependent on the liquidity of the underlying securities. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. The securities that are listed on the stock exchange carry lower liquidity risk, but the ability to sell these securities is limited by the overall trading volumes. Further, different segments of Indian financial markets have different settlement cycles and may be extended significantly by unforeseen circumstances.

Re-investment Risk

This refers to the risk that intermediate cash flows received from a security is re invested at a different rate than assumed at the time of purchase.

Prepayment Risk

Certain fixed income securities give an issuer a right to call back its securities before their maturity date. This right is generally exercised when interest rate has declined. The proceeds received when such right is exercised may get invested at lower yield as the interest rate have declined. This risk of deploying proceeds at lower rate is known as prepayment risk.

3. Risks associated with investments in Government Securities (Not Applicable to Taurus Ethical Fund):

The Government Securities Market is the largest and most liquid market in India, with the large participants being banks, non-banking finance companies, insurance companies and provident funds which are required by statutes to invest in Government securities. The government securities are being issued in a tenure starting from 3m upto 40 years at present. It is more liquid in nature because of large investor base as compared to corporate bonds. Since, it is being issued over long tenure compared to corporate bonds, it carries higher interest rate risk on long tenure securities. Since the security is sovereign in nature, the credit risk is minimal.

4. Risks associated with Investing in Derivatives (Not applicable for Taurus Ethical Fund & Taurus Tax Shield):

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the Fund Manager to identify such opportunities. Identification and execution of the strategies to be pursued by a Fund Manager involve uncertainty and decision of a Fund Manager may not always be profitable. No assurance can be given that a Fund Manager will be able to identify or execute such strategies. The scheme may invest in Derivative and will allow a max exposure of 20% of the portfolio in Derivatives.

Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The risks associated with the use of derivatives are different from or possibly greater than the

risks associated with investing directly in securities and other traditional investments. Other risks include risk of mis-pricing or improper valuation and the inability of the derivative to correlate perfectly with underlying assets, rates and indices, illiquidity risk whereby a Scheme may not be able to sell or purchase derivative quickly enough at a fair price.

5. Risks associated with Securities Lending:

The risks in lending portfolio securities, as with other extensions of credit, consist of the failure of another party, in this case the approved intermediary, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure to comply with can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Mutual Fund may not be able to sell such lent securities and this can lead to temporary illiquidity. The Fund Manager will apply the following limit – Not more than 20% of the net assets of the Scheme can generally be deployed in securities lending.

6. Risks associated with Short Selling:

The Scheme may enter into short selling transactions, subject to SEBI and RBI Regulations. Short positions carry the risk of losing money and these losses may grow unlimited theoretically if the price of the stock increases without any limit which may result in major losses to the Scheme. At times, the participants may not be able to cover their short positions, if the price increases substantially. If numbers of short sellers try to cover their position simultaneously, it may lead to disorderly trading in the stock and thereby can briskly escalate the price even further making it difficult or impossible to liquidate short position quickly at reasonable prices. In addition, short selling also carries the risk of inability to borrow the security by the participants thereby requiring the participants to purchase the securities sold short to cover the position even at unreasonable prices.

7. Risks associated with transactions in units through Stock Exchange Mechanism:

In respect of transactions in Units of the Scheme through NSE and/ or BSE or any other recognized stock exchange, allotment and redemption of Units on any Business Day will depend upon the order processing/ settlement by NSE, BSE or such other exchange and their respective clearing corporations on which the Fund has no control. Further, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by NSE, BSE or such other recognized exchange in this regard.

8. Settlement Risk:

Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Portfolio to make purchases in intended securities due to settlement problems could cause the Portfolio to miss certain investment opportunities.

9. Regulatory Risk:

The value of the securities may be affected by uncertainties such as changes in government policies, changes in taxation, and other developments in the laws and regulations.

10. Risk Associated with Unlisted Securities:

Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including put options. The AMC may choose to invest in unlisted domestic securities that offer attractive yields within the regulatory limit. This may however increase the risk of the portfolio. Additionally, the liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.

11. Risks associated with investing in Tri Party Repo through CCIL (TREPS):

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall". As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

12. Risk Associated with Shariah Compliance (Applicable for Taurus Ethical Fund):

Taurus Ethical Fund will invest only in securities which are part of S&P BSE 500 Shariah Complaint Universe. Securities may from time to time be classified as non S&P BSE 500 Shariah compliant. In case of change of S&P BSE 500 Shariah status of

any company post investment by the scheme, the fund manager will exit from the security within the time limit permitted. This may restrict the ability of the scheme to sell such securities at a desired price.

Additional Risk (Applicable to Taurus Banking & Financial Services Fund):

Risk Associated with Investment in a Sector

The fund will invest in equity and equity related securities of companies engaged in banking and financial services and hence concentration risk is expected to be high. The scheme is also vulnerable to movements in the prices of securities invested by the scheme, which again could have a material bearing on the overall returns from the scheme. These stocks, at times, may be relatively less liquid as compared to growth stocks. Investing in a sectoral fund is based on the premise that the Fund will seek to invest in companies belonging to a specific sector. This will limit the capability of the Fund to invest in other sectors. Also, as with all equity investing, there is the risk that companies in that specific sector will not achieve its expected earnings results, or that an unexpected change in the market or within the company will occur, both of which may adversely affect investment results. Thus investing in a sector specific fund could involve potentially greater volatility and risk.

13. Segregated Portfolio Mechanism:

In order to ensure fair treatment to all investors in case of a credit event and to deal with liquidity risk, SEBI has allowed creation of segregated portfolio of debt and money market instruments by mutual fund schemes.

Creation of segregated portfolio shall be subject to guidelines specified by SEBI from time to time and includes the following:

- 1) Segregated portfolio may be created, in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under:
 - a) Downgrade of a debt or money market instrument to 'below investment grade', or
 - b) Subsequent downgrades of the said instruments from 'below investment grade', or
 - c) Similar such downgrades of a loan rating
- 2) In case of difference in rating by multiple CRAs, the most conservative rating shall be considered. Creation of segregated portfolio shall be based on issuer level credit events as mentioned above and implemented at the ISIN level.
- 3) Segregated portfolio may also be created, in the event TAMCO is convinced about adverse material impact on the credit quality of the issuer based on the information available and its internal credit assessment prior to downgrade in credit rating by a SEBI registered Credit Rating Agency.
- 4) Creation of segregated portfolio is optional and at the discretion of TAMCO.

Note: Below are the relevant definitions related to segregation of portfolio.

Segregated Portfolio - 'Segregated Portfolio' means a portfolio, comprising of debt or money market instrument affected by a credit event, which has been segregated in a mutual fund scheme.

Main Portfolio - 'Main Portfolio' means scheme portfolio excluding the segregated portfolio.

Total Portfolio - 'Total Portfolio' means the scheme portfolio including the securities affected by the credit event

Credit Event :

- (i) Credit Rating agencies downgrading the outstanding credit rating of the issuer to below investment grade; or
- (ii) Issuer fails to fulfill any of its financial obligations; or
- (iii) Any change in the operating/business environment of the issuer which substantially impairs its ability to fulfill its financial obligations.

Process for Creation of Segregated Portfolio

1. Once TAMCO decides on creation of segregated portfolio on the day of credit event/receipt of information about actual default of unrated debtor money market instruments, it shall follow the process laid down below:
 - i) TAMCO shall seek approval of Trustee prior to creation of the segregated portfolio.
 - ii) TAMCO shall immediately issue a press release disclosing its intention to segregate such debt and money market instrument and its impact on the investors. It shall also be disclosed that the segregation shall be subject to approval of Trustee. Additionally, the said press release shall be prominently disclosed on the website of the TAMCO.
 - iii) TAMCO shall ensure that till the time the Trustee approval is received, which in no case shall exceed 1 (one) business day from the day of credit event, the subscription and redemption in the scheme shall be suspended for processing with respect to creation of units and payment on redemptions.

2. Upon receipt of approval from Trustee:
 - i) Segregated portfolio will be effective from the day of credit event
 - ii) TAMCO shall issue a press release immediately with all relevant information pertaining to the segregated portfolio. The said information shall also be submitted to SEBI.
 - iii) An e-mail or SMS will be sent to all unit holders of the concerned scheme(s).
 - iv) The NAV of both segregated and main portfolio(s) will be disclosed from the day of the credit event.
 - v) All existing investors in the scheme(s) as on the day of the credit event will be allotted equal number of units in the segregated portfolio as held in the main portfolio.
 - vi) No redemption and subscription will be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, TAMCO will enable listing of units of segregated portfolio on the recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests.
 - vii) After creation of segregated portfolio, investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio. Further, investors subscribing to the scheme will be allotted units only in the main portfolio based on its NAV.
3. If the Trustee does not approve the proposal to segregate portfolio, TAMCO will issue a press release immediately informing investors of the same and subscription and redemption applications will be processed based on the NAV of total portfolio.
4. Notwithstanding the decision to segregate the debt and money market instrument, the valuation shall take into account the credit event and the portfolio shall be valued based on the principles of fair valuation (i.e. realizable value of the assets) in terms of the relevant provisions of SEBI (Mutual Funds) Regulations, 1996 and Circular(s) issued thereunder.
5. Further, in accordance with SEBI Circular no. SEBI/HO/IMD/DF2/CIR/P/2019/127 dated November 07, 2019, Creation of segregated portfolio in mutual fund schemes has been permitted in respect of unrated debt or money market instruments by mutual fund schemes of an issuer that does not have any outstanding rated debt or money market instruments, subject to the following terms:
 - i) Segregated portfolio of such unrated debt or money market instruments may be created only in case of actual default of either the interest or principal amount. As per SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2018/160 dated December 28, 2018, credit event is considered for creation of segregated portfolio, however for the purpose of SEBI Circular no. SEBI/HO/IMD/DF2/CIR/P/2019/127 dated November 07, 2019, actual default by the issuer of such instruments shall be considered for creation of segregated portfolio.
 - ii) TAMCO shall inform AMFI immediately about the actual default by the issuer. Upon being informed about the default, AMFI shall immediately inform the same to all AMCs. Pursuant to dissemination of information by AMFI about actual default by the issuer, AMCs may segregate the portfolio of debt or money market instruments of the said issuer in terms of SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2018/160 dated December 28, 2018.
 - iii) All other terms and conditions as stated in SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2018/160 dated December 28, 2018 shall remain the same.

Disclosures:

In order to enable the existing as well as the prospective investors to take informed decision, the following shall be adhered to:

- i. A statement of holding indicating the units held by the investors in the segregated portfolio along with the NAV of both segregated portfolio and main portfolio as on the day of the credit event shall be communicated to the investors within 5 working days of creation of the segregated portfolio.
- ii. Adequate disclosure of the segregated portfolio shall appear in all scheme related documents, in monthly and half-yearly portfolio disclosures and in the annual report of the mutual fund and the scheme.
- iii. The Net Asset Value (NAV) of the segregated portfolio shall be declared on daily basis.
- iv. The information regarding number of segregated portfolios created in a scheme shall appear prominently under the name of the scheme at all relevant places such as SID, KIM-CAF Form (Common Application Form), advt., TAMCO and AMFI websites, etc.
- v. The scheme performance required to be disclosed at various places shall include the impact of creation of segregated portfolio. The scheme performance should clearly reflect the fall in NAV to the extent of the portfolio segregated due to the credit event and the said fall in NAV along with recovery(ies), if any, shall be disclosed as a footnote to the

scheme performance.

- vi. The disclosures at point (d) and (e) above regarding the segregated portfolio shall be carried out for a period of at least 3 years after the investments in segregated portfolio are fully recovered/written-off.
- vii. The investors of the segregated portfolio shall be duly informed of the recovery proceedings of the investments of the segregated portfolio. Status update may be provided to the investors at the time of recovery and also at the time of writing-off of the segregated securities.

TER for the Segregated Portfolio

- a) TAMCO will not charge investment and advisory fees on the segregated portfolio. However, TER (excluding the investment and advisory fees) can be charged, on a pro-rata basis only upon recovery of the investments in segregated portfolio.
- b) The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence.
- c) The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. However, the same shall be within the maximum TER limit as applicable to the main portfolio. The legal charges in excess of the TER limits, if any, shall be borne by TAMCO.
- d) The costs related to segregated portfolio will not be charged to the main portfolio.

Monitoring by Trustees

- a) In order to ensure timely recovery of investments of the segregated portfolio, Trustees shall (based on recommendations/confirmation from the TAMCO Board) ensure that:
 - i) TAMCO puts in sincere efforts to recover the investments of the segregated portfolio.
 - ii) Upon recovery of money, whether partial or full, it shall be immediately distributed to the investors in proportion to their holding in the segregated portfolio. Any recovery of amount of the security in the segregated portfolio even after the write off shall be distributed to the investors of the segregated portfolio.
 - iii) An Action Taken Report (ATR) on the efforts made by TAMCO to recover the investments of the segregated portfolio is placed in every trustees meeting till the investments are fully recovered/written-off.
 - iv) The Trustees shall monitor the compliance of aforesaid SEBI circular and disclose in the half-yearly trustees reports filed with SEBI, the compliance in respect of every segregated portfolio created.
- b) In order to avoid misuse of segregated portfolio, Trustees shall ensure to have a mechanism in place to negatively impact the performance incentives of Fund Managers, Chief Investment Officers (CIOs), etc. involved in the investment process of securities under the segregated portfolio, mirroring the existing mechanism for performance incentives of TAMCO, including claw back of such amount to the segregated portfolio of the scheme.

Risks associated with segregated portfolio

- a) Investor holding units of segregated portfolio may not be able to liquidate their holding till the time recovery of money from the issuer.
- b) Security(ies) held in segregated portfolio may not realize any value.
- c) Listing of units of segregated portfolio in recognized stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme(s) shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme(s). However, if such limit is breached during the NFO of the Scheme, the Fund will endeavor to ensure that within a period of three months or the end of the succeeding calendar quarter from the close of the NFO of the Scheme, whichever is earlier, the Scheme complies with these two conditions. In case the Scheme(s) does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2) (c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme(s) shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25 % limit. Failure on the part of the said investor to redeem his exposure over the 25 % limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

The distribution of this Scheme Information Document or Statement of Additional Information in certain jurisdictions may be restricted or totally prohibited to registration requirements and accordingly, persons who come into possession of this Scheme Information Document or Statement of Additional Information are required to inform themselves about and to observe any such restrictions and/ or legal compliance requirements.
- The AMC, Trustee or the Mutual Fund have not authorized any person to issue any advertisement or to give any information or to make any representations, either oral or written, other than that contained in this Scheme Information Document or the Statement of Additional Information in connection with offer of units under all the schemes. Prospective investors are advised not to rely upon any information or representation not incorporated in the Scheme Information Document or Statement of Additional Information as having been authorized by the Mutual Fund, the AMC or the Trustee.
- Redemption due to change in the fundamental attributes of a Scheme or due to any other reasons may entail tax consequences. The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any such tax consequences that may arise due to such redemptions.
- The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any of the tax consequences that may arise, in the event that a Scheme is wound up for the reasons and in the manner provided in 'Statement of Additional Information ('SAI')'.
- The tax benefits described in this Scheme Information Document and Statement of Additional Information are as available under the present taxation laws and are available subject to relevant conditions. The information given is included only for general purpose and is based on advice received by the AMC regarding the law and practice currently in force in India as on the date of this Scheme Information Document and the Unit holders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in a Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unit holder is advised to consult his / her own professional tax advisor.
- The Mutual Fund may disclose details of the investor's account and transactions there under to those intermediaries whose stamp appears on the application form. In addition, the Mutual Fund may disclose such details to the bankers, as may be necessary for the purpose of effecting payments to a investor. The Fund may also disclose such details to regulatory and statutory authorities/bodies as may be required or necessary.
- In case the AMC or its Sponsor or their affiliates/associates or group companies make substantial investments, either directly or indirectly in a Scheme, present or future, redemption of units by these entities may have an adverse impact on the performance of a Scheme. This may also affect the ability of the other Unit holders to redeem their units.
- As the liquidity of a Scheme's investments may sometimes be restricted by trading volumes and settlement periods, the time taken by the Fund for Redemption of Units may be significant in the event of an inordinately large number of Redemption requests or of a restructuring of a Scheme's portfolio. In view of this, the Trustee has the right, in its sole discretion, to limit redemptions under certain circumstances - please refer to the section "Right to Limit Redemptions" in this document.

This Scheme Information Document sets forth concisely the information about the Schemes that a prospective investor ought to know before investing. - * The Credit Rating and Information Services of India Ltd. (CRISIL)
- * Investment Information and Credit Rating Agency of India Ltd. (ICRA)
- * Credit Analysis & Research Ltd. (CARE)

Further it must be clearly understood that the referred percentages are not absolute, and that they can vary substantially for defensive consolidation in the short run depending upon the Trustees perception as to whether the market is in an overheated state or has fallen well below a level they consider appropriate taking into account the factors prevailing at that time; the intent being to protect the NAV of the Scheme and the investors interests.

Investment Strategies:

A major portion of the funds of the Scheme will be invested in Equity shares. The Scheme will pursue the policy of diversification of its assets in term of the industry exposure. Efforts would be made to avoid concentration in a particular industry or group of industries.

The Scheme will be Flexi-cap in nature.

The Fund is presently investing surplus funds in TREPS segment.

Trustees may also permit the use of any investment techniques (including derivatives, futures & options, warrants etc.) which may be permitted by SEBI/RBI from time to time.

The Trustees may from time to time at their absolute discretion review and modify the strategy provided such modification is in accordance with SEBI (Mutual Fund) Regulations.

Change in Asset Allocation Pattern/ Portfolio Rebalancing

The asset allocation pattern under normal circumstances is guided by the Scheme Information Document. . The asset allocation is reviewed on a continuous basis and dependent upon the given circumstances, it may differ at times from what is stated above. Balancing / rebalancing exercise will however be carried out as and when needed. The endeavour of such an exercise is based on the primary consideration of maximizing the return to the unitholders while taking the least risks. If the Fund Manager has a definite opinion on the economy for the near future, the portfolio allocations are moderated to take an appropriate decision for maximizing the return to the unitholders. Changes in the investment pattern will generally be for short term and only for defensive consideration. The fund manager will endeavour to restore asset allocation in line with the specified asset allocation pattern within 1 month. in most cases

Note the following-

- i) Structured Obligations / Credit Enhancements – The scheme will not invest in these instruments.
- ii) Overseas Investments – The scheme will not invest in these instruments.
- iii) Derivative Investments: The scheme may invest in Derivative and will allow a mass exposure of 20% of the portfolio in Derivatives.

The Trustees may from time to time for a short-term period on defensive consideration modify / alter the investment pattern / asset allocation, the intent being to protect the NAV of the Scheme and protect interest of the unitholders of the Scheme so also to earn reasonable returns on liquid funds maintained for redemption of units without seeking consent of the unitholders.

Change in Investment Pattern/ Portfolio Rebalancing

The asset allocation stated above is indicative and not absolute, and it can vary depending upon the perception of the Investment Manager on the capital market taking into account the factors prevailing at that time, the intent being to protect the NAV of the Scheme and the unitholders' interest. The Trustees of the Mutual Fund may, from time to time, at their absolute discretion, review and modify the strategy provided such modification is in accordance with the SEBI Regulations. Changes in the investment pattern will be for short term and only for defensive consideration. The fund manager will endeavour to restore asset allocation in line with the specified asset allocation pattern within 1 month. in most cases.

Investment Strategies:

Investments in equities will be made through the secondary and primary markets predominantly in stocks of large cap companies (as defined by SEBI).

In terms of SEBI circular, 1st-100th company in terms of full market capitalization is defined as Large cap. Association of Mutual Funds in India (AMFI) will provide this data every six months as on the end of June and December of each year. Subsequent to any updation in the list, The Fund Management team will rebalance its portfolio (if required) in line with the updated list, within a period of one month.

Fund will predominantly follow bottom up strategy of stock selection. Other aspects like asset allocation, sector allocation, shall also be considered.

The scheme may invest in securities sold directly by an issuer or acquired in a negotiated transaction.

Investment in the debt market shall be in fixed income rated securities of investment grade issued by corporate. In case of investment in debt which are not rated, prior approval of Board of Directors of the AMC shall be obtained.

Investment in Money Market Instruments

The funds will be invested in money market instruments including, but not limited to, treasury bills, commercial paper of public sector undertakings and private sector corporate entities, TREPS, certificate of deposits of scheduled commercial banks and development financial institutions, securities debt, bills of exchange / promissory notes of public sector and private sector corporate entities (co-accepted by banks), money market mutual fund units, GOI Securities with unexpired maturity of one year and other money market securities as may be permitted by SEBI.

Investment shall also be made in GOI/ State Government Securities. Such government securities which are supported by: 1) the ability to borrow from the Treasury, 2) sovereign guarantee or of the State Government, 3) GOI/ State Government in some other way.

Policy of Diversification

The Investment strategy will aim to diversify the portfolio to maximize return while maintaining a tolerable level of risk. Since this is essentially a growth Scheme with maximum exposure in equities, under normal circumstances, investment will be made in diverse sectors to create a balanced portfolio of equities and hence minimize the inherent unsystematic risk. The Scheme may also use various hedging products and derivatives from time to time as would be available and permitted by SEBI in an attempt to protect the value of portfolio and enhance unitholders' interest.

The Scheme will focus on Large cap Stocks.

Investment in Debt Securities**a. Regulations**

Debt instruments will be rated as investment grade by a credit rating agency authorized to carry such activity under the Act:

Provided that if the debt instrument is not rated, specific approval of the Board of TAMCO shall be taken for investment

b. Risks

The Investment Manager will place emphasis on the credit rating of the issuer and therefore will invest in securities that are rated investment grade by a domestic credit rating agency such as CRISIL, ICRA, CARE and any other SEBI approved credit rating agency or in unrated debt securities, which the Investment Manager believes to be of equivalent quality. Where investment in unrated debt securities is sought to be made, the specific approval of the Board of Directors of the AMC, shall be obtained.

IV) TAURUS INFRASTRUCTURE FUND

Infrastructure sector plays an important role in country's development and GDP growth. India has already negotiated the difficult transition from public infrastructure creation to a market-determined model. An ambitious reform programme initiated involving a shift from a controlled to an open market economy has opened doors for private sector / foreign investment in infrastructure projects such as energy, petroleum, telecommunications, transportation sectors etc. And in the Indian context, removal of regulatory and availability constraints on any product or service, has catalyzed investments, attracted competition and rationalized costs leading to a new growth trajectory. The infrastructure sector in the country is thus poised for accelerated growth in the coming years. There is already momentum in highways, power generation and ports, where a successful track record has fostered a virtuous cycle of more success.

Investment Strategy

The corpus of the Scheme will be primarily invested in equity and equity related securities of the companies in the Infrastructure Sector. The Scheme may also invest a small portion of its corpus in money market instruments to manage its liquidity requirements. All companies selected will be analyzed taking into account the business fundamentals like nature and stability of business, prospects of future growth and scalability, financial discipline and returns, valuations in relation to broad market and expected growth in earnings, the company's financial strength and track record.

The fund may also invest up-to 25% of the corpus of the scheme in ADR/GDR and equities of listed overseas companies with a market capitalization of at least \$1 Billion at the time of investment. These investments will be made in line with the RBI and SEBI guidelines and will be within the limits prescribed by SEBI/RBI from time to time.

Stock Selection Strategy

Infrastructure sector comprises of Energy, Power and Power Equipment, Oil & Gas and related industries, Petroleum and related industries, Coal, Mining, Aluminium & other Metal Industries, Steel & Steel Utilities, Ports, Housing & Banking & Financial Services, Healthcare & related industries, Transportation, Telecommunications, Capital goods, realty sector, Industrial Manufacturing like Engineering, Construction and Construction related industries, Cement, Earth Moving Equipments. With changing dynamics infrastructure activities also include the hardware/ software infrastructure, telecoms and other such activities related to the development of the country.

Please note that the above list is only indicative and the Investment Manager may add such other sector/group of industries which broadly satisfy the category of infrastructure industries. The Fund may also invest in sectors which indirectly supports/ complements/ enables infrastructure activities.

However, the weightages of debt & equity may be changed in exceptional circumstances, depending on market conditions. The main aim of such steps will be to protect the interests of the unitholders. The Scheme will emphasis well managed high quality companies with above average growth prospects that can be purchased at a reasonable price. Typically these companies will be highly competitive, with a large and growing market share. In selecting specific stocks, the Asset Management Company will consider and evaluate amongst various criteria network, consistent growth, strong cash flows, high return on capital etc. Investment in fixed income securities (wherever possible) will be mainly in investment grade listed / unlisted securities. In case of investment in debt instruments that are not rated, specific approval of the Board of AMC and Trustee Company will be taken.

The Scheme will purchase securities in the public offerings and rights issues, as well as those traded in the secondary markets. On occasions, if deemed appropriate, the Scheme will invest in securities sold directly by the issuer, or acquired

in a negotiated transaction or issued by way of private placement. The moneys collected under this scheme shall be invested only in transferable securities.

Investment Pattern and Risk Profile

Under normal circumstances, the total assets of the Scheme, shall (after providing for all ongoing expenses) generally be invested as under:

Instruments	% of Portfolio		Risk Profile
	Minimum	Maximum	
Equity & Equity Related Instruments	80%	100%	High
Debt, Cash & Money Market Instruments	0%	20%	Medium

(An open ended equity scheme investing in Infrastructure sector)

There will be no investments by the scheme in any type of securitized debt.

Investments in debentures will be restricted to investment grade rated instruments. In case of un-rated debt instruments, specific approval of the Board of Taurus Asset Management Co. Ltd. (AMC/TAMCO) shall be obtained.

Note the following-

- i) Structured Obligations / Credit Enhancements – The scheme will not invest in these instruments.
- ii) Overseas Investments – The scheme will not invest in these instruments.
- iii) Derivative Investments: The scheme may invest in Derivative and will allow a mass exposure of 20% of the portfolio in Derivatives.

The Trustee Company may from time to time for a short term period on defensive consideration invest upto 100% of the funds available in Money Market Instruments, the primary motive being to protect the Net Asset Value of the Scheme and protect unitholders interests so also to earn reasonable returns on liquid funds maintained for redemption/repurchase of units. The Trustee Company may from time to time for a short term period under exceptional circumstances on defensive consideration modify/ alter the investment pattern / asset allocation the intent being to protect the Net Asset Value of the Scheme & Unitholders' interests without seeking consent of the unitholders.

Change in Investment Pattern/ Portfolio Rebalancing

Subject to the SEBI Regulations, the asset allocation pattern indicated above under (2) may change from time to time, depending on liquidity considerations or on account of high levels of subscriptions or redemptions relative to fund size, or upon considerations that optimise returns of the Scheme through investment opportunities or upon various defensive considerations including market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute. These proportions may vary depending upon the perception of the AMC, the intention being at all times to seek to protect the interests of the Unitholders. Such changes in the investment pattern will be for short term and only for defensive consideration. The fund manager will endeavour to restore specified asset allocation in line with the asset allocation pattern within 1 month most cases.

V) TAURUS ETHICAL FUND

Investment Pattern and Risk Profile

Under normal circumstances, the asset allocation pattern will be as under:-

Instruments (*)	% of Portfolio		Risk Profile
	Minimum	Maximum	
Equity & Equity Related Instruments	80%	100%	High

(*) Surplus money/ investible funds available in the scheme at any time will be kept in Current Accounts with banks and will not be invested in any interest bearing instruments.

Normally, the funds will be fully invested in equities save for an amount to enable redemption of units, efficient management of the funds in relation to strategic objectives and other purposes which may be reasonably regarded as ancillary to the investment objective of the Scheme.

Changes in Investment Pattern / Portfolio Rebalancing

Subject to SEBI Regulations, the asset allocation pattern indicated above may change from time to time, depending on liquidity considerations or on account of high levels of subscriptions or redemptions relative to fund size, or upon considerations that optimize returns of the Scheme through investment opportunities or upon various defensive considerations including market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute. These proportions may vary depending upon the perception of the AMC, the intention being at all times to seek to protect the interests of the Unitholders. Such changes in the investment pattern will be for short term and only for defensive consideration. The fund manager will endeavour to restore asset allocation in line with the specified asset allocation pattern within 1 month most cases.

Where will the Scheme Invest?

The Corpus of the scheme will be invested in the listed securities on BSE/NSE which are based on the principles of Shariah after proper fundamental and technical analysis by the Research Team.

Standard & Poor's has launched a Shariah Index for the Indian Market viz. S&P BSE 500 Shariah. As on March 31 2021, there are more than 252 companies in S&P BSE 500 Shariah Index.

The Fund has decided to benchmark the performance of the scheme based on S&P BSE 500 Shariah Index.

Investment Strategies

The corpus of the Scheme will be invested in the companies which are based on the principles of Shariah whereby, it is not permissible to acquire the shares of Companies providing financial services on interest like conventional banks, insurance companies or the companies involved in some other business not approved by Shariah, such as companies manufacturing, selling or offering liquors, meat, or involved in gambling, night club activities, pornography etc. *The Fund Manager and his team will identify the stocks for investment from the stock universe available from S&P BSE 500 Shariah Index which is the benchmark index for this scheme.*

VI) TAURUS NIFTY INDEX FUND**Investment Pattern and Risk Profile**

Under normal circumstances, the asset allocation pattern will be as under -

Instruments	% of Portfolio		Risk Profile
	Minimum	Maximum	
Securities covered by the Nifty	95%	100%	High
Debt, Cash & Money Market Instruments	0%	5%	Low to Medium

The net assets of the Scheme will be invested predominantly in stocks constituting the Nifty 50 and / or in exchange traded derivatives on the Nifty 50. This would be done by investing in almost all the stocks comprising the Nifty 50 in approximately the same weightage that they represent in the Nifty 50 and / or investing in derivatives including futures contracts and options contracts on the Nifty 50. A small portion of the net assets will be invested in money market instruments permitted by SEBI/RBI including call money market or in alternative investment for the call money market as may be provided by the RBI, to meet the liquidity requirements of the Scheme.

Investments in Derivatives – upto 20% of the net assets of the Scheme

In addition to the above, the scheme will not take

- 1) Any leveraged position
- 2) Total investments including in equity, other securities and gross exposure to derivatives if any shall not exceed the net assets under management of the Scheme.

Pending deployment of funds of the scheme in terms of investment objective of the Scheme, the Mutual Fund can invest the funds of the scheme in the defined money market instruments instead of short term deposits of scheduled commercial banks.

Where will the Scheme Invest?

Subject to the Regulations, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities / instruments:

- 1) Equity and equity related securities including convertible bonds and debentures and warrants carrying the right to obtain equity shares.
- 2) Securities issued by banks (both public and private sector) as permitted by SEBI from time to time and development financial institutions
- 3) Money market instruments permitted by SEBI/RBI, having maturities of up to one year or in alternative investment for the call money market as may be provided by the RBI to meet the liquidity requirements.
- 4) Certificate of Deposits (CDs)
- 5) Commercial Paper (CPs)
- 6) The non-convertible part of convertible securities
- 7) Any other domestic fixed income securities
- 8) Derivative instruments like Interest Rate Swaps, Forward Rate Agreements, Stock / Index Futures, Stock / Index Options and such other derivative instruments permitted by SEBI.

Subject to the Regulations, the securities mentioned above could be listed, unlisted, privately placed, secured, unsecured, rated or unrated and of varying maturity. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offers or negotiated deals. The Scheme may also enter into repurchase and reverse repurchase obligations in all securities held by it as per the guidelines and regulations applicable to such transactions.

Derivative Instruments & applicable limits

The Scheme intends to use derivatives for purposes that may be permitted by SEBI Mutual Fund Regulations from time to time. Derivatives instruments may take the form of Futures, Options, Swaps or any other instrument, as may be permitted from time to time. SEBI has vide its Circular DNPd/Cir-29/2005 dated September 14, 2005 and DNPd/Cir-30/2006 dated January 20, 2006, specified the guidelines pertaining to trading by Mutual Fund in Exchange traded derivatives and SEBI Circular DNPd/Cir-31/2006 dated September 22, 2006 modifying the position limits for Index derivative contracts.

Investment in Foreign Securities

The Scheme will not make any investments in foreign instruments/ Securities

What are the Investment Strategies?

Equity: The scheme will be managed passively with investments in stocks in a proportion that is as close as possible to the weightages of these stocks in the Nifty 50. The investment strategy would revolve around reducing the tracking error to the least possible through rebalancing of the portfolio taking into account the change in weights of stocks in the index as well as the incremental collections/ redemptions from the Scheme. It is proposed to manage the risks by placing limit orders for basket trades and other trades, proactive follow-up with the service providers for daily change in weights in the Nifty 50 as well as monitor daily inflows and outflows to and from the Fund closely. While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

Debt & Money Market instruments: The domestic debt markets are developing & maturing fast with the introduction of new instruments including derivatives. The actual percentage of investment in various fixed income securities would be decided from time to time.

Portfolio Rebalancing

Changes in the investment pattern will be for short term and only for defensive consideration. Subject to the SEBI Regulations, the asset allocation pattern indicated above may change from time to time, depending on liquidity considerations or on account of high levels of subscriptions or redemptions relative to fund size, or upon considerations that optimize returns of the Scheme through investment opportunities or upon various defensive considerations including market conditions, market opportunities, applicable regulations and political and economic factors. The fund manager will restore asset allocation in line with the asset allocation pattern within 1 month.

Tracking Error

The performance of the Scheme may not be commensurate with the performance of the Nifty 50 on any given day or over any given period. Such variations, referred to as tracking error, are expected to be around 2% per annum, but may vary to an extent due to several factors including but not limited to -

- Any delay experienced in the purchase or sale of share due to illiquidity of the market, settlement and realization and delays in receiving cash and scrip dividend and resulting delay in reinvesting them.
- The Nifty 50 reflects the prices of securities at close of business hours. However the Fund may buy or off-load securities at different points of time during the trading session at the then prevailing prices which may not correspond to the closing prices on the NSE or the BSE.
- The potential for trades to fail, which may result in the Scheme not having acquired shares at a price necessary to track the index
- The holding of a cash position and accrued income prior to distribution and accrued expenses
- Disinvestments to meet redemptions, recurring expenses, IDCW payouts etc. as elsewhere indicated in this document.

VII) TAURUS BANKING & FINANCIAL SERVICES FUND**Investment Pattern and Risk Profile**

Under normal circumstances, the asset allocation pattern will be as under:-

Instruments	% of Portfolio		Risk Profile
	Minimum	Maximum	
Equity & Equity Related Instruments of companies belonging to Banking & Financial Services Sector	80%	100%	High
Debt, Cash & Money Market Instruments	0%	20%	Low

Fund Manager could take exposure to derivatives (including Futures & Options) upto 20% of the net assets of the Scheme, subject to regulatory limits.

Fund Manager could invest in Pre-IPO placements/ Unlisted Securities to the extent of 5% of the net assets of the Scheme.

Fund Manager could deploy not more than 20% of its net assets in securities lending.

The Scheme may engage in Short selling of securities in accordance with the framework relating to Short Selling and securities lending and borrowing specified by SEBI.

The total investments including in equity, equity related instruments, debt and money market instruments and gross exposure to derivatives if any shall not exceed 100% of the net assets under management of the Scheme.

Pending deployment of funds of the scheme in terms of investment objective of the Scheme, the Mutual Fund can invest the funds of the scheme in the defined money market instruments instead of short term deposits of scheduled commercial banks.

Change in Investment Pattern/ Portfolio Rebalancing

Changes in the investment pattern will be for short term and only for defensive consideration. Subject to the SEBI Regulations, the asset allocation pattern indicated above may change from time to time, depending on liquidity considerations or on account of high levels of subscriptions or redemptions relative to fund size, or upon considerations that optimise returns of the Scheme through investment opportunities or upon various defensive considerations including market conditions, market opportunities, applicable regulations and political and economic factors. The fund manager will endeavor to restore asset allocation in line with specified the asset allocation pattern within 1 month. in most cases

Where will Scheme Invest?

The corpus of the Scheme will be invested in Equity & Equity related instruments of Banking, Financial and Non Banking Financial Companies and debt & money market instruments. Subject to the Regulations, the amount collected under the Scheme can be invested in any (but not exclusively) of the following securities:

- 1) Equity & Equity related instruments of Banking, Financial and Non Banking Financial Companies:
 - a) Equity shares
 - b) Equity related instruments include convertible bond, convertible debentures, equity warrants, convertible preference shares, etc.
 - c) Equity derivatives
 - d) Derivatives (including futures, options - put & call)
- 2) Debt & Money Market Instruments:
 - o Securities created and issued by the Central and State Governments and/or repos/reverse repos in such Government Securities as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
 - o Securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
 - o Debt obligations of domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee
 - o Corporate debt (of both public and private sector undertakings).
 - o Obligations/ Term Deposits of banks (both public and private sector) and development financial institutions
 - o Money market instruments permitted by SEBI/RBI, having maturities of up to one year or in alternative investment for the call money market as may be provided by the RBI to meet the liquidity requirements.
 - o Certificate of Deposits (CDs).
 - o Commercial Paper (CPs).
 - o The non-convertible part of convertible securities.
 - o Any other domestic fixed income securities as permitted by SEBI / RBI from time to time.
 - o Derivative instruments like Interest Rate Swaps, Forward Rate Agreements and such other derivative instruments permitted by SEBI/RBI.
 - o Any other instruments / securities, which in the opinion of the Fund Manger would suit the investment objective of the scheme subject to compliance with extant Regulations.

The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offer or negotiated deals. The Scheme may also enter into repurchase and reverse repurchase obligations in all securities held by it as per guidelines/regulations applicable to such transactions.

- 3) Any other Scheme of Taurus Mutual Fund or of any other mutual fund provided such investment is in conformity with the investment objective of the Scheme. Such investment will be subject to limits specified under SEBI Regulations and AMC will not be entitled to charge management fees on such investments.
- 4) Pending deployment of funds as per investment objective of the Scheme, the funds may be parked in short term deposits of the Scheduled Commercial Banks, subject to guidelines and limits specified by SEBI
- 5) Any other securities / instruments as permitted by SEBI / RBI from time to time.

What are the Investment Strategies?

The objective of the Scheme would be to seek long term capital appreciation by investing primarily in the equity and equity related instruments of Banking, Financial and Non Banking Financial Companies that form part of the BFSI Sector. The portfolio manager will adopt an active management style to optimize returns. Income generation may only be a secondary objective. In line with the above, the Scheme will primarily focus on opportunities in the financial services sector.

The financial services sector appears set for significant growth and possibly a few landmark changes over the next five years. The following factor will play a key role:

- i) The overall growth of the Indian economy & rising trend in savings and investment
- ii) Expected boom in opportunities in financial services(refer highlights of attached report) and expanding penetration of financial services
- iii) likelihood of a benign interest rate environment once the current turmoil is past
- iv) Quality regulation that has led to a more prudent position for banks in India
- v) Emerging changes that will allow for a greater role for foreign players in India
- vi) likely consolidation

- vii) expanding universe of players in financial services across geography
- viii) an emerging larger share for private sector participants in financial services pie
- ix) imminent listings from insurance and asset management spaces
- x) attractiveness of Indian stock exchanges as a platform from a systems perspective
- xi) internet based products/services
- xii) scope available for fund focused on financial services than just banking

The key factors of the investment strategy of the scheme will be:

- Identifying attractive opportunities and take concentrated exposures
- Emphasis on stock selection
- Investing across market-cap category
- Selecting stocks with an investment horizon of three to five years

Active cash calls: The fund will have the flexibility to take cash calls, if market conditions warrant such a stance in the view of the Fund Manager.

There has been considerable broadening and deepening of the Indian financial markets due to various financial market reforms undertaken by the regulators, the introduction of innovative financial instruments in recent years and the entry of sophisticated domestic and international players.

Strong economic growth, favorable demographics, increased geographic penetration, growth of small and medium enterprises and the increasing needs for capital among Indian corporations are expected to continue to drive India's financial services industry.

Investment Strategy for Debt:

For the debt portion, the investments will be made in debt and money market instruments of banking and financial companies. The maturity profile of such investments would depend on the market dynamics.

VIII) TAURUS TAX SHIELD

Tax Benefits

Investment upto Rs.1.5 lacs in the scheme (along with other prescribed investments) is eligible for deduction from income under section 80C as per the Income Tax Act, 1961.

Lock-in Period

Taurus Tax Shield is an Equity Linked Tax Saving Scheme (ELSS). In terms of Income Tax Act 1961, investment in Equity Linked Saving Schemes will have to be kept for a minimum period of 3 years from the date of allotment of units. As such investment made by investors in Taurus Tax Shield (an Equity Linked Saving Scheme) for the purpose of availing tax benefit under Section 80 C of the Income Tax Act, would remain locked-in for the period of 3 years from the date of allotment.

Investment Strategy & Investment Pattern

The Asset Management Company will use Modern Investment Management Tools and Techniques for proper selection of securities and devising a diversified portfolio across industries and companies. The objective of investment analysis would be to predict price movements on the stock markets so as to earn risk adjusted returns. Undervalued shares would be identified in order to trade profitably in them.

Fundamental analysis would be carried out to forecast, among other things, future level of economy's gross national product, future sales and earnings for a number of industries and a large number of companies. Eventually such forecast will be converted into estimates of expected returns of specific shares and certain industries and stock market itself.

Technical analysis will be used to detect pattern in price movements to formulate optimum entry and exit points for investments.

The Asset Management Company would endeavour to assess correctly the trends of the stock market so as to shift the portfolio risk in accordance with the market forecast to achieve a higher return.

Investment Pattern and Risk Profile

Under normal circumstances, the asset allocation pattern will be as under:-

Instruments	% of Portfolio		Risk Profile
	Minimum	Maximum	
Equity & Equity Related Instruments	80%	100%	High
Debt Instruments	0%	20%	Medium
Money Market, Cash & other Assets	0%	20%	Low

Investments in debentures will be restricted to at least investment grade instruments corresponding to CRISIL rating BBB and above and / or moderated safety grade rated instruments corresponding to ICRA rating LBBB and above/or investment grade rated instruments corresponding to CARE rating CARE BBB and above.

In the case of investments in debt instruments that are not rated, specific approval of the Board of TAMCO will be taken.

The investments made by the Scheme shall be within the parameters stated in SEBI (Mutual Funds) Regulations, 1996.

The Trustees may from time to time at their absolute discretion review and modify the policy of investments in accordance with SEBI (Mutual Funds) Regulations, 1996.

Change in Asset Allocation Pattern/ Portfolio Rebalancing

The asset allocation pattern under normal circumstances is guided by the Offer Document. The investment objective of any given scheme is derived from the schemes investment objective. The asset allocation is reviewed on a continuous basis and depending upon the given circumstances, the balancing/rebalancing exercise is carried out. The endeavor of such an exercise is based on the primary consideration of maximizing the return to the unitholders while taking the least risks. If the Fund Manager has a definite opinion on the economy for the near future, the portfolio allocations are moderated to take an appropriate decision for maximizing the return to the unitholders. Changes in the investment pattern will be for short term and only for defensive consideration. The fund manager will endeavour to restore asset allocation in line with specified the asset allocation pattern within 1 month in most cases.

FEATURES COMMON TO ALL SCHEMES**i) Borrowing by the Mutual Fund**

The Schemes may borrow from anybody - corporate including TAMCO, Sponsor and Commercial Banks, up-to a maximum of 20% of the net assets of the Scheme for a maximum duration of 6 months, in order to meet the temporary liquidity needs of the Schemes, for the purpose of re-purchase, redemption of units or payment of interest or IDCW to the unitholders, as per clause 44(2) of SEBI (Mutual Fund) Regulations, 1996.

ii) Portfolio Turnover

“Portfolio Turnover” is the term used by any Mutual Fund for measuring the amount of trading that occurs in a Scheme’s portfolio during the given period. All the schemes being open-ended schemes, it is expected that there would be a number of subscriptions and repurchase on a daily basis. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. However, a high turnover would not significantly affect the brokerage and transaction costs.

The Fund will endeavor to balance the increased cost on account of higher portfolio turnover with the benefits derived thereof. A high portfolio turnover rate is not necessarily a drag on portfolio performance and may be representative of arbitrage opportunities that exist for scrips / securities held in the portfolio rather than an indication of a change in Fund view on a scrip, etc.

iii) Investment in Derivative Instruments

The Schemes (**except Taurus Ethical Fund**) may invest in derivatives instruments such as Interest Rate Swaps (IRS), Forward Rate Agreements (FRAs) Interest Rate Options and/or Interest Rate Futures (IRF) or such other instruments as may be permitted

under the Regulations, in a recognized stock exchange, subject to the framework specified by SEBI and within the parameters approved by the Trustee company.

The Schemes may use techniques and instruments such as trading in derivative instruments to hedge the risk of fluctuations in the value of the investment portfolio. The Schemes will use derivative instruments for the purpose of hedging and portfolio balancing. Hedging does not mean maximisation of returns but only reduction of systematic or market risk inherent in the investment.

A derivative is an instrument whose value is derived from the value of one or more of the underlying assets which can be commodities, precious metals, bonds, currency, etc. Common examples of Derivative instruments are Interest Rate Swaps, Forward Rate Agreements, Futures, Options, etc. The Scheme may write (sell) and purchase call and put options in securities in which it invests and on securities indices based on securities in which the scheme invests. Through the purchase and sale of futures contracts and related options on those contracts, the Fund would seek to hedge against a decline in securities owned by the Fund or an increase in the prices of securities which the Fund plans to purchase. The Fund would sell futures contracts on securities indices in anticipation of a fall in stock prices, to offset a decline in the value of its equity portfolio. When this type of hedging is successful, the futures contract increase in value while the Fund's investment portfolio declines in value and thereby keep the Fund's net asset value from declining as much as it otherwise would. Similarly, when the Fund is not fully invested, and an increase in the price of equities is expected, the Fund would purchase futures contracts to gain rapid market exposure that may partially or entirely offset increase in the cost of the equity securities it intends to purchase (short sale).

Example 1: Hedging against an anticipated rise in equity prices

The scheme has a corpus of Rs.100 crores and has invested Rs.85 crores in equity and still has a cash of Rs.15 crores available to invest. The Fund may buy index futures of a value of Rs.15 crores. The scheme may reduce the exposure to the future contract by taking an offsetting position as investments are made in the equities the scheme wants to invest in. Here, if the market rises, the scheme gains by having invested in the index futures.

Event	Gain/(Loss) from derivative position	Gain/(Loss) from cash market position	Overall Gain/(loss) to Schemes
5% rise in equity price	$15 \times 5\% = \text{Rs.}0.75 \text{ crs}$	$85 \times 5\% = \text{Rs.}4.25 \text{ crs}$	Rs.5 crores
5% fall in equity price	$15 \times 5\% = (\text{Rs.}0.75 \text{ crs})$	$85 \times 5\% = (\text{Rs.}4.25 \text{ crs})$	(Rs.5 crores)

Example 2: Hedging against anticipated fall in equity prices:-

If the Fund has a negative view on the market and would not like to sell stocks as the market might be weak, the scheme of the Fund can go short on index futures. Later, the scheme can sell the stocks and unwind the future positions. A short position in the future would offset the long position in the underlying stocks and this can curtail potential loss in the portfolio.

For eg. The scheme has a corpus of Rs.100 crores and is fully invested in equities. If fund manager wishes to reduce the equity exposure to Rs. 80 crores in a short time, he would sell index future contracts of Rs. 20 crores.

Event	Gain/(Loss) from derivative position	Gain/(Loss) from cash market position	Overall Gain/(loss) to Schemes
5% fall in equity price	$20 \times 5\% = \text{Rs.}1 \text{ cr}$	$80 \times 5\% = (\text{Rs.}4.00 \text{ crs})$	(Rs.3 crores)
5% rise in equity price	$20 \times 5\% = (\text{Rs.}1 \text{ cr})$	$80 \times 5\% = \text{Rs.}4.00 \text{ crs}$	Rs.3 crores

Example 3: Use of IRS

Assuming the Scheme is having 10% of the portfolio in cash. The fund manager has a view that the interest rate scenario is soft and call rates are unlikely to spurt over the next three months. The fund manager would therefore prefer to receive a higher rate of return on his cash, which he is lending in the overnight call market. In other words, he would like to move to a 91 days fixed interest rate from overnight floating rate.

1. Say Notional Amount : Rs. 2 crores
2. Benchmark : NSE MIBOR
3. Tenor : 91 Days
4. Fixed Rate : 10.25%
5. At the end of 91 days;

6. The Scheme pays : compounded call rates for 91 days is 9.90%
7. TMF receives: Fixed rate at 10.25% for 91 days.

In practice, however the difference of the two amounts is settled. Here the Scheme receives Rs. $20000000 \times 0.35\% \times 91 / 365 = 17452$. The players in IRS are scheduled commercial banks, primary dealers, corporate, mutual funds and All India Financial Institutions.

Interest Rate Swap (IRS)

All swaps are financial contracts, which involves exchange (swap) of a set of payments owned by one party for another set of payments owned by another party, usually through and intermediary (market maker). An IRS can be defined as a contract between two parties (Counter Parties) to exchange, particular dates in the future, one series of cash flow, (fixed interest) for another series of cash flows (variable or floating interest) in the same currency and on the same principal for an agreed period of time. The exchange of cash flows need not occur on the same date.

Forward Rate Agreements (FRA)

A FRA is an agreement between two counter parties to pay or to receive the difference between an agreed fixed rate (the FRA rate) and the interest rate prevailing on a stipulated future date, based on a notional amount, for an agreed period. In short, in a FRA, interest rate is fixed now for a future period. The special feature of FRAs is that the only payments is the difference between the FRA rate and the Reference rate and hence are single settlement contracts. As in the case of IRS, notional amounts are not exchange.

Interest Rate Futures (IRF)

An Interest Rate Futures contract is "an agreement to buy or sell a debt instrument at a specified future date at a price that is fixed today." The underlying security for Interest Rate Futures is either Government Bond or T-Bill. Currently Exchange traded Interest Rate Futures are standardized contracts based on 6 year, 10 year and 13 year Government of India Security and 91-day Government of India Treasury Bill (91DTB). All futures contracts available for trading are cash settled.

SEBI Regulations Applicable to trading in Derivatives:

In accordance with SEBI Circular No Cir/IMD/DF/11/2010 dated August 18, 2010, the following exposure limits for investment in derivatives will be applicable to the schemes.

- i) The cumulative gross exposure through equity, debt and derivative positions should not exceed 100% of the Net Assets of the Schemes.
- ii) Schemes shall not write options or purchase instruments with embedded written options.
- iii) The total exposure related to option premium paid must not exceed 20% of the Net Assets of the Scheme.
- iv) Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
- v) Exposure due to hedging positions may not be included in the above mentioned limits subject to the following -
 - a) Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
 - b) Hedging position cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point1.
 - c) Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
 - d) The quantity of underlying associated with the derivative position taken for hedging purpose does not exceed the quantity of the existing position against which hedge has been taken.
- vi) Schemes may enter into plan vanilla interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme.
- vii) Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point1.
- viii) Definition of exposure in case of Derivative Positions

Each position taken in derivative shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Future Price * Lot Size * Number of Contracts
Short Future	Future Price * Lot Size * Number of Contracts
Option bought	Option Premium paid * Lot Size * Number of Contracts

In accordance with SEBI circular DNPd/Cir-29/2005 dated September 14, 2005 (including circular issued by SEBI/RBI/FEMA and other Regulatory bodies thereafter from time to time). Mutual Funds are allowed to trade in derivatives. Mutual Funds can trade in index futures, index options, stock options, stock futures contracts etc.

Position Limits

The position limits for Mutual Funds and its schemes shall be as under:

i. **Position limit for Mutual Funds in index options contracts**

- The Mutual Fund position limit in all index options contracts on a particular underlying index shall be Rs. 500 crores or 15% of the total open interest of the market in index options, whichever is higher, per Stock Exchange.
- This limit would be applicable on open positions in all options contracts on a particular underlying index.

ii. **Position limit for Mutual Funds in index futures contracts:**

- The Mutual Fund position limit in all index futures contracts on a particular underlying index shall be Rs. 500 crores or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.
- This limit would be applicable on open positions in all futures contracts on a particular underlying index.

iii. **Additional position limit for hedging**

In addition to the position limits at point (i) and (ii) above, Mutual Funds may take exposure in equity index derivatives subject to the following limits:

- Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
- Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills and similar instruments.

iv. **Position limit for Mutual Funds for stock based derivative contracts**

The Mutual Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts, stand modified in the following manner:-

- For stocks in which the market wide position limit is less than or equal to Rs 500 crore, the Mutual Fund position limit in such stock shall be 20% of the market wide position limit or Rs. 50 cr, whichever is lower.
- For stocks in which the market wide position limit is greater than Rs. 500 crore, the Mutual Fund position limit in such stock shall be 20% of the market wide position limit or Rs. 150 crore, whichever is lower.

v. **Position limit for each scheme of a Mutual Fund**

- For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a mutual fund shall not exceed the higher of:
1% of the free float market capitalisation (in terms of number of shares).
Or
5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).
- This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.
- For index based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.
- Each mutual fund shall have a maximum derivatives net position of 50% of the portfolio (i.e. net assets including cash). Each fund shall decide in advance with formal approval of Board of Trustees the maximum net derivatives exposure in terms of percentage of portfolio value it would allow.
- Within the overall limits of a maximum derivatives net position of 50% of the portfolio (i.e. net assets including cash), the limits per Scrip/ Instrument shall be specified by the Board of Trustees. Thus, the Board of Trustees shall determine the overall exposure limit to derivatives, as well as the derivative limits on individual stocks. Trustees should satisfy themselves that the risk containment measures are in place.
- At no point in time, the derivative position shall result, even for a few moments on an Intra-day basis, in actual or potential leverage or short sale / short position on any underlying security. No shorting of individual stock without the underlying.
- All derivative positions shall be backed by cash or stock as the case may be. i.e. all current or potential long positions shall be backed by cash and equivalents at the time of exposure and all current or potential short positions will be fully backed by stock (stocks portfolio for index derivatives).

- The tenure of the Term deposit placed as margin for trading in derivative shall not exceed 182 days. The gross position of the underlying securities and derivatives shall be considered for the purpose to complying and monitoring stock exposure limit as per Clause 2 of VIIth schedule of SEBI (Mutual Funds) Regulations 1996.

While calculating the industry exposure for disclosure on monthly basis, the total exposure per scrip including derivative exposure shall be considered.

Following are the prudential equity derivatives position limits as set by Board of Trustees:

	Taurus Equity Funds	SEBI Guidelines
Total exposure Limit of for Hedging/ Portfolio rebalancing	Maximum 20% of the portfolio of a scheme.	50% of the portfolio
Limit of derivative exposure on individual stock.	Maximum 5% of the portfolio of a scheme.	10% of the portfolio

Limits on Specific Derivative transaction in an individual Portfolio/Scheme:

Following sub-limit has been approved by the Board of Trustees within the overall limit stipulated by SEBI.

Table I. Common Derivative Positions and Limits				
Sr No.	Derivative	Action	Description	Limit
1	Index futures	Buy	Buy futures against cash to protect against rising market	To the extent of cash / equivalents in the portfolio. Max. limit 20% of portfolio
2	Index futures	Sell	Hedging of portfolio against expected market downturn	Up to 20% of equity portion of the fund or four times equivalent to cash available, which ever is lower.
3	Stock futures	Buy	Buy to protect against underperformance of portfolio due to cash holdings in a scenario of rising share prices	To the extent of cash / equivalents in the portfolio. Max. limit 20% of portfolio; per scrip limit 5%
4	Stock futures	Sell	Sell against existing stock – Hedging against downside on existing stock in the face of expected volatility in the stock price	To the extent of the particular scrip holding in the portfolio; per scrip limit 5%

In addition to the above, SEBI vide its circular SEBI/HO/IMD/DF2/CIR/P/2017/109 dated September 27, 2017 has laid down the following guidelines for exposure to Interest Rate Futures (IRF)

Exposure Limits

In addition to the existing provisions of SEBI circular No.IMD/DF/11/2010 dated August 18, 2010, the following are prescribed:

- To reduce interest rate risk in a debt portfolio, mutual funds may hedge the portfolio or part of the portfolio (including one or more securities) on weighted average modified duration basis by using Interest Rate Futures (IRFs). The maximum extent of short position that may be taken in IRFs to hedge interest rate risk of the portfolio or part of the portfolio is as per the formula given below:

$$\frac{(\text{Portfolio Modified Duration} * \text{Market Vale of the Portfolio})}{(\text{Futures Modified Duration} * \text{Futures Price} / \text{PAR})}$$

- In case the IRF used for hedging the interest rate risk has different underlying security(s) than the existing position being hedged, it would result in imperfect hedging.

- iii. Imperfect hedging using IRFs may be considered to be exempted from the gross exposure, upto maximum of 20% of the net assets of the scheme, subject to the following:
 - a) Exposure to IRFs is created **only for hedging** the interest rate risk based on the weighted average modified duration of the bond portfolio or part of the portfolio.
 - b) Mutual Funds are permitted to resort to imperfect hedging, without it being considered under the gross exposure limits, if and only if, the correlation between the portfolio or part of the portfolio (*excluding the hedged portions, if any*) and the IRF is atleast 0.9 at the time of initiation of hedge. In case of any subsequent deviation from the correlation criteria, the same may be rebalanced within 5 working days and if not rebalanced within the timeline, the derivative positions created for hedging shall be considered under the gross exposure computed in terms of Para 3 of SEBI circular dated August 18, 2010. The correlation should be calculated for a period of last 90 days.

Explanation: If the fund manager intends to do imperfect hedging upto 15% of the portfolio using IRFs on weighted average modified duration basis, either of the following conditions need to be complied with:

- i. The correlation for past 90 days between the portfolio and the IRF is at least 0.9 or
 - ii. The correlation for past 90 days between the part of the portfolio (excluding the hedged portions, if any) i.e. at least 15% of the net asset of the scheme (including one or more securities) and the IRF is at least 0.9.
- c) At no point of time, the net modified duration of part of the portfolio being hedged should be negative.
 - d) The portion of imperfect hedging in excess of 20% of the net assets of the scheme should be considered as creating exposure and shall be included in the computation of gross exposure in terms of Para 3 of SEBI circular dated August 18, 2010.

- iv. The basic characteristics of the scheme should not be affected by hedging the portfolio or part of the portfolio (including one or more securities) based on the weighted average modified duration.

Explanation: In case of long term bond fund, after hedging the portfolio based on the modified duration of the portfolio, the net modified duration should not be less than the minimum modified duration of the portfolio as required to consider the fund as a long term bond fund.

- v. The interest rate hedging of the portfolio should be in the interest of the investors.
- 4. Mutual Fund schemes may imperfectly hedge their portfolio or part of their portfolio using IRFs, subject to the following conditions:
 - i. Prior to commencement of imperfect hedging, existing schemes shall comply with the provisions of Regulation 18 (15A) of SEBI (Mutual Funds) Regulations, 1996 and all unit holders shall be given a time-period of at least 30 days to exercise the option to exit at prevailing NAV without charging of exit load.

The risks associated with imperfect hedging shall be disclosed and explained by suitable numerical examples in the offer documents and also needs to be communicated to the investors through public notice or any other form of correspondence.

- ii. In case of new schemes, the risks associated with imperfect hedging shall be disclosed and explained by suitable numerical examples in the offer documents.

Disclosure of Derivative Positions

- 5. In addition to the existing provisions, the mutual funds shall also make the following disclosures:
 - i. Separately disclose the hedging positions through IRF (both perfectly and imperfectly) in respective debt portfolios as per the format prescribed in para-13 of SEBI circular no.IMD/DF/11/2010 dated August 18, 2010,
 - ii. Investment in interest rate derivatives (both IRS/IRF) shall also be disclosed in the monthly portfolio disclosure as per para-H of SEBI Circular No. CIR/IMD/DF/21/2012 dated September 13, 2012 and

- iii. Disclosure of the details of interest rate derivatives (both IRS/IRF) used for hedging along with debt and money market securities transacted on its website and also forwarded to AMFI as per para-B(3) of SEBI Circular No.Cir/IMD/DF/6/2012 dated February 28, 2012.

Valuation of Derivative Products:

- a) The traded derivatives shall be valued at market price in conformity with the stipulations of sub clauses (i) to (v) of clause 1 of the Eighth Schedule to the SEBI Regulations, as amended from time to time.
- b) The valuation of untraded derivatives shall be done in accordance with the valuation method for untraded investments prescribed in sub clauses (i) and (ii) of clause 2 of the Eighth Schedule to the SEBI Regulations as amended from time to time. The Trustee shall offer its comments on the above aspects in the report filed with SEBI under sub-regulation (23) (a) of Regulation 18 of the Regulations.

iv) Securities Lending By the Mutual Fund

If permitted by SEBI under Regulations/guidelines, the Scheme may also engage in securities lending. The AMC shall comply with all reporting requirements and the Trustee shall carry out periodic review as required by SEBI guidelines. Securities lending means the lending of stock to another person or entity for a fixed period of time, at a negotiated compensation. The securities lent will be returned by the Borrower on expiry of the stipulated period.

The Investment Manager will apply the following limits, should it desire to engage in Securities lending:

- Not more than 20% of the net assets of the Scheme can generally be deployed in securities lending;

RISK MANAGEMENT/ MITIGATION STRATEGIES

The Fund by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in equity and debt markets. The Fund has identified the following risks of investing in equity and debt instruments and designed risk management strategies to mitigate and manage such risks.

Risk associated with portfolio construction: AMC has incorporated adequate safeguards to manage risks in the portfolio construction process. Risk control would involve managing risk in order to keep it in line with the investment objective of the Scheme. Fund Management team has adequate processes in place for identifying & analyzing the various risk ratios. Various checks have been put in place to adhere to the Investment Restrictions. AMC is using Miles Moneyware Fundware as Front Office System.

Market Liquidity Risk and investment in unlisted securities: Fund Manager would invest in those securities that are expected to have more market liquidity. The first access to liquidity is through cash and fixed income securities. The investment in unlisted securities will be minimal and regularly monitored by Investment Monitoring Committee.

Risk associated with Equity derivatives: Equity derivatives may be used for directional (including equalization of cash) and yield enhancement strategies. The credit risk associated with equity derivatives is decreased as only exchange traded equity derivatives are permitted. On portfolio and regulatory limits, there are internal limits and there is an established monitoring process.

Quality Risk or risk of investing in unsustainable/ weak companies: Investment universe is carefully selected to only include high quality businesses.

Concentration Risk: Investment will be made as far as possible across the market capitalization spectrum and industries/sectors keeping the Investment Objective of the Scheme in view.

Credit Rating Risk: The endeavor is to invest in fixed income securities which have high credit quality and preferably have high rating from rating agencies such as CRISIL, ICRA, CARE or India Ratings & Research. The probability of rating downgrade is low. The due diligence performed by the fund management team before assigning credit limits should mitigate company specific issues.

Interest Rate Risk: Interest rate risk is managed by meticulous determination of average maturity of the portfolio. Extensive analysis of macro economic conditions is carried out to form a view of future interest rates and to position the portfolio accordingly.

Risk associated with Stock Lending: At present, there is no significant activity in the Securities Borrowing and Lending market. The Fund has so far not participated in Securities Lending market. However, we understand the risks associated with the securities lending business and the AMC will have appropriate controls (including limits) before initiating any transactions.

Additional Risk Management Strategies Applicable to Schemes:

Risk Associated with investment in Sector (Applicable to Taurus Banking & Financial Services Fund): While it may not be possible to totally avoid the risk associated with the specific sector, the Fund Manager would try to mitigate the risk by building up a diversified portfolio of atleast 15-20 stocks belonging to Banking, Financial and Non Banking Financial Companies.

Procedure followed for investment decisions & Risk control measures (Applicable to All Equity Schemes)

Before making any fresh investment through primary market or secondary market, the research team prepares a detailed Research Report on each investment based on the fundamental as well as the technical analysis.

The Board of Trustees in terms of SEBI's guidelines has approved the format of the Research Reports. The companies are identified for investment based on top down/ bottom up approach as well as in-depth market analysis. Thereafter, the Research Report is discussed amongst the Investment Committee members comprising of the CEO, Fund Managers - Debt & Equity, CFO & HOI. The Investment Committee approves or rejects a stock. The stocks approved form a part of the stock universe. The Fund Manager then decides on the timing, quantity & price at which to buy or sell a share within the framework of the Investment Policy. The Fund Manager also takes into account the market conditions, investment/redemption flows and other external factors. The reasons for subsequent purchase and sale of the same instrument are also being recorded. An Investment Committee looks into the following matters-

- a) Adherence to Prudential Investment guidelines
- b) Choosing the universe of stock for Equity investments.
- c) Addition/Deletion of stocks to the universe of stocks.
- d) Adherence to Derivatives trading guidelines.
- e) Risk management and risk mitigation issues.

The Investment Committee meeting is held once a month.

The Board of TAMCO has also constituted an Investment Monitoring Committee comprising of two Independent Directors and Managing Director of the Company. Investment Monitoring Committee Meeting is held every month and reviews Investments/ disinvestments made since last meeting, Research Reports etc.

AMC has incorporated adequate safeguards to manage risks in the portfolio construction process. Risk control would involve managing risk in order to keep it in line with the investment objective of the Scheme. Fund Management team has adequate processes in place for identifying & analyzing the various risk ratios. Various checks have been put in place to adhere to the Investment Restrictions. AMC is using Miles Moneyware Fundware as Front Office System.

Internal Norms for Investment Restrictions (Not Applicable to Taurus Banking & Financial Services Fund)

Fund has policy of Internal Norms for Investment Restrictions also within the overall limit prescribed by SEBI which is being reviewed from time to time, depending upon the market conditions.

According to this policy, limits on exposure to sectors, industries, companies etc. will be fixed to avoid concentration of portfolio in particular sectors so as to ensure appropriate diversification/security for the Fund.

The purpose of this policy will be to make investments in the full spectrum of permitted investments in order to achieve the investment objective of the scheme. Internal risk parameters for limiting exposure to a particular scrip or sector may be prescribed from time to time to respond to the dynamic market conditions and market opportunities.

Internal Norms for Investment Restrictions (Applicable to Taurus Banking & Financial Services Fund)

Fund has policy of Internal Norms for Investment Restrictions within the overall limit prescribed by SEBI. According to this policy, limits on exposure to sectors, industries, companies etc. will be fixed to avoid concentration of portfolio in particular sectors so as to ensure appropriate diversification/security for the Scheme. The purpose of this policy will be to make investments in the full spectrum of permitted investments in order to achieve the investment objective of the Scheme. However, this being a sector fund the scheme would be investing in companies belonging to Banking, Financial Services & Non-Banking Financial Companies. However, the endeavour would be to avoid concentration of portfolio in few stocks and the Scheme would have a portfolio of atleast 15 to 20 stocks belonging to Banking, Financial & Non Banking Financial Companies.

Investment by TAMCO in the Schemes

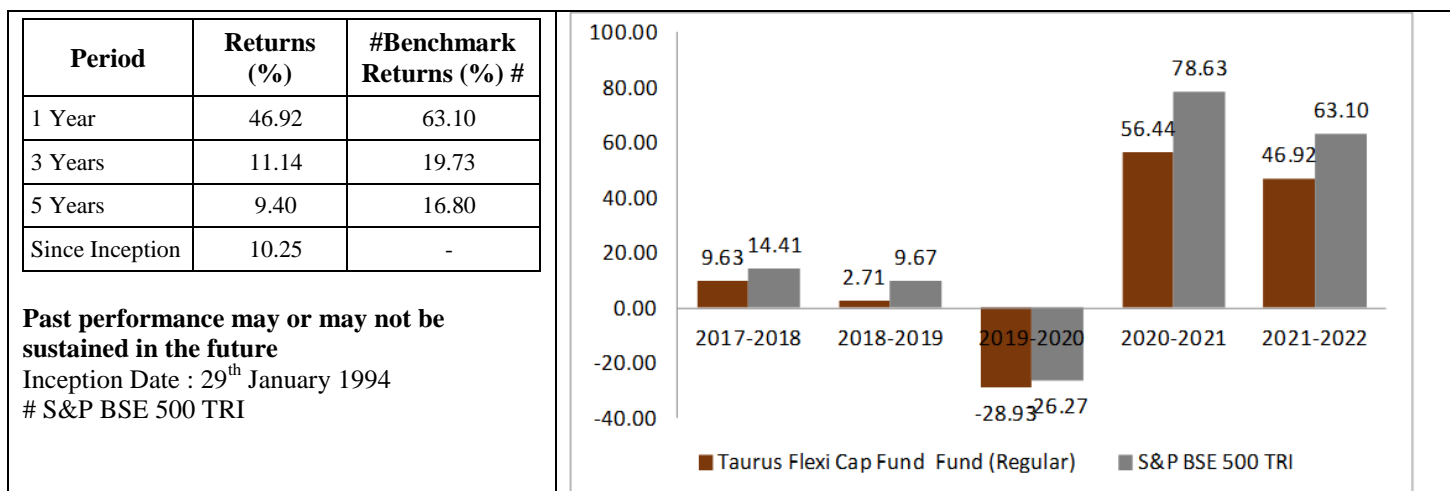

The Asset Management Company (TAMCO) can also invest in any of the schemes, subject to a maximum exposure of 100% of the net worth of TAMCO or as decided by the Board of TAMCO & TITCO from time to time and the AMC shall not be entitled to charge any fees on such investments. It will, however, be subject to 20/25 norms i.e. regarding minimum number of investors and single investor holding contained in guidelines issued by SEBI vide circulars dated December 12, 2003 and June 14, 2005.

Any scheme may invest in other schemes under the management of TAMCO/or schemes of any other Mutual Funds.

The aggregate inter-scheme investment under TAMCO in schemes under the management of any other AMC shall not exceed 5% of the Net Asset Value of the Fund. No fees shall be charged for investing in other schemes of other funds or any other Mutual Fund.

Introduction of Direct Plan for investing Directly with the Fund (Applications not routed through distributors)	<p>In accordance with Para D titled “Separate Option for direct investments” under Circular no. CIR/IMD/DF/21/2012 dated September 13, 2012 issued by Securities and Exchange Board of India (SEBI), a separate plan for direct investments (i.e. investments not routed through an AMFI Registration Number (ARN) Holder (“Distributor”) (hereinafter referred to as “Direct Plan”) has been introduced w.e.f. January 01, 2013 as under:</p> <p>1. Introduction of Direct Plan: Direct Plan is only for investors who purchase/subscribe Units in a Scheme directly with the Fund and is not available for investors who route their investments through a Distributor.</p> <p>2. Scheme eligibility: Direct Plan have been introduced in the following open-ended schemes of the Fund (except plans discontinued for further subscriptions):</p> <p>Equity Schemes : (a) Taurus Flexi Cap Fund (b) Taurus Largecap Equity Fund (c) Taurus Discovery (Midcap) Fund (d) Taurus Infrastructure Fund (e) Taurus Tax Shield (f) Taurus Ethical Fund (g) Taurus Banking & Financial Services Fund</p> <p>Index Scheme : (h) Taurus Nifty Index Fund (hereinafter collectively referred to as “the Schemes”)</p> <p>3. Plans / Options/ Sub-options: All Plans / Options/ Sub-options offered under the Schemes (“Regular (Existing) Plan”) are also available for</p>												

	<p>subscription under the Direct Plan. Thus from the Effective Date, there are two plans available for subscription under the Schemes viz., Regular (Existing) Plan and Direct Plan. Portfolio of the Scheme under the Regular (Existing) Plan and Direct Plan are common.</p> <p>4. Scheme characteristics : Scheme characteristics such as Investment Objective, Asset Allocation Pattern, Investment Strategy, risk factors, facilities offered and terms & conditions including load structure is the same for the Regular (Existing) Plan and the Direct Plan except that : Direct Plan has a lower expense ratio excluding distribution expenses, commission, etc. and no commission for distribution of units is paid/charged under the Direct Plan.</p> <p>5. Applicable NAV and allotment of units: The starting Net Asset Value (NAV) for the Direct Plan is not at par, but at the same NAV of the Regular (Existing) Plan on the day of first purchase in Direct Plan.</p> <p>6. Eligible investors / mode for applying: All categories of investors (whether existing or new Unitholders) as permitted under the Scheme Information Document of the Schemes are eligible to subscribe under Direct Plan. Investments under Direct Plan can be made through various modes offered by the Fund for investing directly with the Fund (except Stock Exchange Platform(s) and all other Platforms(s) where investors' applications for subscriptions of units are routed through Distributors).</p> <p>7. How to apply : Investors subscribing under Direct Plan of a Scheme will have to mention "Direct Plan" against the 'Plan' Column in the application form Example: Investors subscribing under Direct Plan of Taurus Flexi Cap Fund will have to indicate the Scheme/ Plan name in the application form as follows: Name of the Scheme: Taurus Flexi Cap Fund Plan : Direct Plan Option : Growth or IDCW[^] - Payout or IDCW[^] - Reinvestment</p> <p>[^]Income Distribution & Capital Withdrawal (Dividend option is renamed as IDCW)</p> <p>As per SEBI Circular SEBI/HO/IMD/DF3/CIR/P/2020/194 dtd Oct 5, 2020 – it is important for investors to note that under the "Dividend" option (renamed as IDCW w.e.f. Apr 1, 2021) certain portion of your capital (equalization reserve) can be distributed as Dividend. To understand this further, please note that when units are sold, and sale price (NAV) is higher than face value of the unit, a portion of sale price that represents realized gains shall be credited to an Equalization Reserve Account & which can be used to pay dividend.</p> <p>Investors should also indicate "Direct" in the ARN column of the application form. However, in case Distributor code is mentioned in the application form, but 'Direct Plan' is indicated against the Scheme name, the Distributor code will be ignored and the application will be processed under Direct Plan. Further, where application is received for Existing Plan without Distributor code or "Direct" mentioned in the ARN Column, the application will be processed under Direct Plan.</p> <p>8. Existing Investments :</p> <p>(a) Investors wishing to transfer their accumulated unit balance held under Regular (Existing) Plan (through lumpsum, systematic investments made with or without distributor code) to Direct Plan will have to switch/redeem their investments and apply under Direct Plan.</p> <p>(b) Investors who have invested without Distributor code and have opted for IDCW Reinvestment facility under Regular (Existing) Plan may note that the IDCW will continue to be reinvested in the Regular (Existing) Plan only.</p> <p>9. Investments through systematic route:</p> <p>(a) In case of Systematic Investment Plan (SIP) / Systematic Transfer Plan (STP) / IDCW Sweep facility, etc., registered prior to 01/01/2013 without any</p>
--	--

	<p>distributor code under the Regular (Existing) Plan, installments falling on or after 01/01/2013 will automatically be processed under the Direct Plan.</p> <p>(b) Investors who had registered for Systematic Investment Plan facility prior to 01/01/2013 with distributor code and wish to invest their future installments into the Direct Plan, should make a written request to the Fund in this behalf. The Fund will take atleast 15 days to process such requests. Intervening installments will continue in the Regular (Existing) Plan.</p> <p>(c) In case of the following facilities which were registered under the Regular (Existing) Plan prior to 01/01/2013, the future installments shall continue under the Regular (Existing) Plan:</p> <ul style="list-style-type: none"> (i) Systematic Transfer Facilities (registered with Distributor Code) (ii) IDCW Sweep Facilities (registered from a folio where investments were made with Distributor code) <p>In case such investors wish to invest under the Direct Plan through these facilities, they would have to cancel their existing enrolments and register afresh for such facilities.</p> <p>10.Redemption requests: Where Units under a Scheme are held under both Regular (Existing) and Direct Plans and the redemption/Switch request pertains to the Direct Plan, the same must clearly be mentioned on the request (along with folio number), failing which the request would be processed from the Regular (Existing) Plan. However, where Units under the requested Option are held under one Plan, the request would be processed under such Plan.</p> <p>11.Exit Load:</p> <p>(a) Switch from Regular (Existing) Plan of a Scheme without ARN Code (whether the investments were made before or after 01/01/2013) to Direct Plan of the Scheme will not attract the applicable exit load, if any. Stamp Duty (w.e.f. July 1, 2020)	<p>Stamp Duty @ 0.005% of the investment amount would be charged on all Subscriptions (lumpsum & special products), unit allotment in Unclaimed scheme, Switch-in (both inter- & intra, including STPs), IDCW- Sweep-in & IDCW-Reinvestments. In case of IDCW- Sweep, stamp duty will be charged only at the Sweep-in stage and not at IDCW- reinvestment stage. In case of transfer of units, the stamp duty at the rate of 0.015% would be applicable.</p> <p>Stamp duty will be computed on the value of unit allotment i.e. after arriving at the net value on which units would be allotted (i.e. after deducting transaction charges, taxes, etc.). Accordingly, pursuant to levy of stamp duty, the number of units allotted, on the aforementioned transactions, to the unit-holders would be reduced to that extent.</p>

Plans & Options

Each Scheme will offer two plans : Regular (Existing) Plan and Direct Plan

Regular (Existing) Plan: This Plan is for investors who wish to route their investment through a mutual fund distributor (MFD).

Direct Plan shall be available for such investment applications which are not routed through a distributor or routed via a stock broker or a SEBI Registered Investment Advisor (RIA). All the features of the Direct Plan under Scheme like the investment objective, asset allocation pattern, investment strategy, risk factors, facilities offered, load structure etc. will be the same except for a lower expense ratio. Brokerage/Commission paid to distributors will not be paid / charged under the Direct Plan.

Default Plan

Investors subscribing for units under Direct Plan of a Scheme should indicate ‘Direct Plan’ against the scheme name in the application form. Investors should also mention ‘Direct’ in the ARN column of the application form. The table showing various scenarios for treatment of application under ‘Direct Plan’ or ‘Regular (Existing) Plan’ is as follows:

Scenario	Broker Code mentioned by the investor	Plan mentioned by the investor	Default Plan to be captured
1	Not mentioned	Not mentioned	Direct Plan
2	Not mentioned	Direct	Direct Plan
3	Not mentioned	Regular	Direct Plan
4	Mentioned	Direct	Direct Plan
5	Direct	Not Mentioned	Direct Plan
6	Direct	Regular	Direct Plan
7	Mentioned	Regular	Regular Plan
8	Mentioned	Not Mentioned	Regular Plan

In cases of wrong/ invalid/ incomplete ARN codes mentioned on the application form, the application ‘shall be processed under Regular Plan. Taurus Asset Management Company Limited (TAMCO) shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the application form from the investor/ distributor. In case, the correct code is not received within 30 calendar days, TAMCO shall reprocess the transaction under Direct Plan from the date of application without any exit load, if applicable.

Under both the Plans the Scheme(s) will offer the following options:

Scheme Name	Option & Sub-Option	
	Option	Sub-option
Taurus Flexi Cap Fund	Growth	
	IDCW*	Payout
		Reinvestment
Taurus Discovery (Midcap) Fund	Growth

*Income Distribution & Capital Withdrawal (Dividend option is renamed as IDCW)			
As per SEBI Circular SEBI/HO/IMD/DF3/CIR/P/2020/194 dtd Oct 5, 2020 – it is important for investors to note that under the “Dividend” option (renamed as IDCW w.e.f. Apr 1, 2021) certain portion of your capital (equalization reserve) can be distributed as Dividend. To understand this further, please note that when units are sold, and sale price (NAV) is higher than face value of the unit, a portion of sale price that represents realized gains shall be credited to an Equalization Reserve Account & which can be used to pay dividend.			
Default Option: If the investor does not clearly specify the choice of Option at the time of investing, the default option will be treated as Growth.			
If the investor does not clearly specify the choice of Payout /Reinvestment within the IDCW Option, it will be treated as a Reinvestment sub-option.			
Introduction of IDCW* Option – Taurus Flexi Cap Fund: IDCW Option introduced on 1 st January 2009.			
Taurus Largecap Equity Fund: IDCW Option introduced on 6 th May 2008.			
Taurus Tax Shield: IDCW Option introduced on 6 th May 2008.			
Discontinuation of the IDCW Reinvestment Sub-option under IDCW Option of Taurus Tax Shield	The IDCW Reinvestment Sub-option (hereinafter referred to as “Reinvestment option”) under the IDCW Option of Taurus Tax Shield (An Open-ended Equity Linked Tax Saving Scheme) has been discontinued with effect from February 16, 2015 (“Effective Date”). Accordingly, the revised options under Taurus Tax Shield (“the Scheme”) will be Growth and IDCW with Growth being the default option. Thus the IDCW option under the Scheme will only offer IDCW Payout Sub-option.		
	Consequently, no fresh subscriptions (including systematic transactions) would be accepted under the IDCW Reinvestment Sub-option of the Scheme from the Effective Date.		
	The outstanding units under IDCW Reinvestment Sub-option will be converted into the IDCW Payout Sub-option from the Effective Date and the IDCW declared, if any, will be compulsorily paid out instead of reinvestment.		
	The Systematic Investment Plans (SIPs) that were registered under the IDCW Reinvestment Sub-option of the Scheme will be processed under the IDCW Payout Sub-option.		

<p>Bonus (Applicable to Taurus Ethical Fund)</p>	<p>The Bonus option under the Regular (Existing) & Direct plans of Taurus Ethical Fund (“the Scheme”) has been discontinued with effect from 15/06/2015. Accordingly, the Scheme would have only IDCW and Growth options w.e.f. 15/06/2015 under Regular & Direct Plans, with Growth option as the default option. Consequently, no fresh subscriptions would be accepted under the Bonus Option of the Scheme – whether by way of fresh subscription or additional purchase or under Systematic Investment Plan (SIP).</p> <p>The outstanding units in respect of the existing unit holders under the Bonus Option shall be continued, without allowing any fresh subscription from the unit holder, till all units under the Bonus Option of the scheme have been redeemed and subsequently, the Bonus Option shall be closed.</p> <p>The aforesaid changes will be applicable with effect from 15th June, 2015. Accordingly, SIP transactions if any under the Bonus Option of the Scheme would also be discontinued from the same date.</p> <p>Henceforth, no Bonus Units would be declared under any Scheme and Bonus Option would not be offered under any Scheme.</p>
<p>IDCW Sweep Option</p>	<p>Under the IDCW Sweep Option (DSO), the investors may opt to automatically sweep (invest) the net IDCW amount payable under the Scheme (hereinafter referred to as “Source Scheme”) into any other open-ended schemes (hereinafter referred to as “Target Scheme”) of Taurus Mutual Fund on the ex-IDCW date (i.e., the immediate next business day after the Record Date) into the Target Scheme specified by the investor, at the applicable NAV of the Target Scheme and accordingly applicable number of units will be allotted in the Target Scheme.</p> <p>There is no minimum amount prescribed for IDCW amount sweep to the Target Scheme via DSO. Accordingly, the provision for ‘Minimum Application Amount’ specified in the respective Target Scheme’s SID will not be applicable for investment made via DSO.</p> <ol style="list-style-type: none"> Under the IDCW Sweep Option (DSO), the investors may opt to automatically transfer (invest) the net IDCW amount (i.e., net of statutory levy / taxes, if any) payable under the Scheme (hereinafter referred to as “Source Scheme”) into any other scheme (hereinafter referred to as “Target Scheme”) of Taurus Mutual Fund on the ex-IDCW date (i.e., the immediate next business day after the Record Date) into the Target Scheme specified by the investor, at the applicable NAV of the Target Scheme and accordingly applicable number of units will be allotted in the Target Scheme, subject to the terms and conditions of the respective Target Scheme. The minimum amount of investment is not applicable for investment made through DSO in the Target Schemes. The Units allotted in the Target scheme against investment via DSO will be subject to the applicable Exit Load of the Target scheme. Unitholder(s) are advised to read the SID/KIM of Target Scheme(s) carefully before opting for DSO. Unit holders who wish to enroll for the DSO facility are required to fill in and submit a prescribed DSO Enrolment Form complete in all respects at any of the Official Point of Acceptance (OPA) of TMF, separately for each Scheme/Plan/Option. The enrolment for DSO facility shall be for all units under the IDCW Option of the respective Source Scheme. Request for IDCW sweep to multiple schemes are not allowed, partial IDCW Sweep and partial IDCW Payout / Reinvestment are also not permitted. If the unitholder fails to specify the option i.e. growth, bonus or IDCW of the target schemes then, the default shall be growth option and the default option under IDCW shall be IDCW re-investment option. The DSO Enrollment Form is available with the OPAs and distributors of TMF as well as on the website of TMF, namely, www.taurusmutualfund.com Enrolment under the DSO facility will automatically override any previous instructions of the Unitholder for ‘IDCW Payout’ or ‘IDCW Reinvestment’ facility, as the case may be, in the Source Scheme and will also apply to additional units allotted in the Source Scheme subsequently on account of additional subscription / switch-in / SIP / STP etc. The request for enrolment for DSO must be submitted at least seven (7) working days prior to the Record Date for the IDCW in the Source Scheme. Hence investors should submit the DSO enrolment request sufficiently in advance. In case of this condition not being met, the DSO enrolment would be effective from the immediately succeeding Record Date of the IDCW in the Source Scheme. Consequently, any IDCW declared between the date of acceptance of the DSO Enrollment Form and date of registration thereof by the Registrar will be paid out or reinvested in the Source Scheme, as applicable. Unit holders will have the right to opt out of DSO facility at any time by submitting a written request. At the time of discontinuation of DSO facility, the unit holders should specify their choice of option i.e. IDCW Reinvestment or IDCW Payout, in the Source Scheme, failing which, the default sub-option, i.e.,

	<p>IDCWReinvestment will be applicable.</p> <p>10. Request for cancellation of DSO must be submitted at least seven (7) working days prior to the Record Date for the IDCW in the Source Scheme. Any IDCW declared in the Source Scheme during the interim period will be swept to the Target Scheme.</p> <p>11. The Account Statement for DSO transactions will be sent by post or by email (if email id. is provided) within 30 days of IDCW sweep.</p> <p>12. It is expressly clarified that the IDCWs so swept and invested in Target Scheme shall be constructive payment of IDCWs to the Unit holder/s and constructive receipt of the same amount from each Unit holder for investment in units of Target Scheme. It is further clarified that the IDCW amount transferred would be treated as switch-in / subscription transaction in the Target Scheme and will be liable to PAN and KYC provisions, as may be applicable.</p> <p>13. TMF is not guaranteeing or assuring any IDCW under any of the schemes. All IDCW distributions are subject to investment performance of the respective schemes, availability of distributable surplus and at the discretion of the Trustee.</p> <p>14. The AMC reserves the right to change/ modify the terms and conditions of the DSO without prior notice or without assigning any reason thereof. If DSO facility is withdrawn from any Source Scheme or Target Scheme, all investors who have opted for DSO will be shifted under IDCW Reinvestment Option in the Source Scheme and the unitholders will be sent suitable intimation.</p>				
Redemptions and Minimum balance to be maintained and consequences of non maintenance	<p>For all schemes redemptions can be for any amount or any number of units, subject to the minimum balance in Rupees, which is required to be maintained in the account, at the time of the redemption. Investors holding Unit Certificates are advised to surrender the same along with updation of their latest information not limited to bank details, PAN & FATCA to enable the redemption request to be processed. TAMCO reserves the right to close an investor's account if the value of the unit balance in the account falls below the minimum amount of investment in all the schemes. In such an event, TAMCO reserves the right to compulsorily redeem the balance units in the account completely at the applicable redemption price with or without giving him the option to invest sufficient funds to bring the value of the unit balance in the account to the required limits, within 30 days after the date of such shortfall. The Fund may revise the minimum/maximum amounts and methodology for redemptions as and when necessary. Such change may be brought about after taking into account the cost structure for a transaction account and / or Market practices and / or the interest of the unitholders. Further such changes shall be carried out on a prospective basis from the date of notification of such change and would not, in any manner, be prejudicial to the interests of the investors who have joined the scheme before such notification. Any changes would be informed to unitholders by way of an advertisement.</p> <table border="1"> <thead> <tr> <th>Scheme Name</th><th>Redemption</th></tr> </thead> <tbody> <tr> <td>Taurus Largecap Equity Fund, Taurus Discovery (Midcap) Fund, Taurus Flexi Cap Fund, Taurus Tax Shield, Taurus Infrastructure Fund, Taurus Nifty Index Fund, Taurus Ethical Fund AND Taurus Banking & Financial Services Fund</td><td>Any Amount or any number of units</td></tr> </tbody> </table>	Scheme Name	Redemption	Taurus Largecap Equity Fund, Taurus Discovery (Midcap) Fund, Taurus Flexi Cap Fund, Taurus Tax Shield, Taurus Infrastructure Fund, Taurus Nifty Index Fund, Taurus Ethical Fund AND Taurus Banking & Financial Services Fund	Any Amount or any number of units

Implementation of Know Your Customer (KYC) norms under Prevention of Money Laundering Act (PMLA), through a designated KYC Registration Authority (KRA)	<p>TMF is committed to complying with all applicable Anti Money Laundering and KYC laws and regulations. TMF recognizes the value and importance of creating a business environment that strongly discourages money launderers from using TMF. To that end, certain policies have been adopted by the AMC. The need to KYC is vital for the prevention of money laundering.</p> <p>Compliance with KYC requirements has been made mandatory for Resident Individuals, Non Resident Individuals/PIOs/OCIs, Any investor investing through a distributor under special arrangement generally titled as a *"Channel Investor/Channel Distributor" and all Non Individual Investors like Corporate, Partnership, Firms, Trust HUF, etc.</p> <p>*Channel Distributors are those distributors who have an arrangement with Taurus Asset Management Company Ltd. wherein they will submit the mutual fund transactions details (viz. subscriptions/ redemptions/switches, other non-financial transactions, etc.) of their clients electronically to Taurus Asset Management Co Ltd. The above category of investors for the purpose of KYC compliance shall include (i) their constituted Power of Attorney (PoA) holder, in case of investments through a PoA; and (ii) each of the applicants, in case of application in joint names.</p> <p>a. KYC registered under KYC Registration Agency (KRA):</p> <p>Units held in account statement (non-demat) form</p> <p>It is mandatory for the investors to quote the KYC Compliance Status of each applicant (guardian in case of</p>				

minor) in the application and attach proof of KYC Compliance viz. KYC acknowledgement letter for all purchases/ switches/ registrations for Systematic Investment Plan (SIP)/ Systematic Transfer Plan (STP) IDCW Transfer Plan (DTP). Applicants intending to apply for units through a Power of Attorney (PoA) must ensure that the issuer of the PoA and the holder of the PoA must mention their KYC Compliance Status and attach proof of KYC Compliance at the time of investment.

New investors (also see CKYCR – pt. b) below) are therefore requested to use the common KYC Application Form and carry out the KYC process including In-Person Verification (IPV) (applicable for Individual investors only), with any SEBI registered intermediaries including mutual funds. The KYC Application Forms are also available on our website www.taurusmutualfund.com. Existing KYC compliant investors of the Fund can continue the practice of providing KYC Acknowledgement Letter/ Printout of KYC Compliance Status downloaded from CDSL Ventures Ltd. (CVL) website (www.cvlindia.com) using the PAN at the time of investment

Once the investor has done KYC with any SEBI registered intermediary, the investor need not undergo the same process again with the Fund.

Units held in electronic (demat) form

For units held in demat form, the KYC performed by the Depository Participant of the applicants will be considered as KYC verification done by the Trustee / AMC. In the event of non compliance of KYC requirements, the Trustee/AMC reserves the right to freeze the folio of the investor(s) and effect mandatory redemption of unit holdings of the investors at the applicable NAV, subject to payment of exit load, if any.

For further details, please refer Section ‘Know Your Customer (KYC) Compliance’ under Statement of Additional Information available on our website www.taurusmutualfund.com

b. Central KYC Records Registry (CKYCR): The Government of India vide their Notification dated November 26, 2015 authorised the

Central Registry of Securitisation Asset Reconstruction and Security Interest of India (CERSAI) to act as and to perform the functions of the Central KYC Records Registry under the said rules, including receiving, storing, safeguarding and retrieving the KYC records under the Prevention of Money-Laundering Act, 2002. SEBI required all the market intermediaries to update/upload KYC details of the **new customer/investors (not KYC-KRA compliant)** on CERSAI’s online platform. CERSAI is a centralized repository of KYC records of customers/investors in the financial sector with uniform KYC norms and inter-usability of the KYC records across the sector with an objective to reduce the burden of producing KYC documents and getting those verified every time when the customer/investors creates a new relationship with a financial entity. Central KYC (CKYC) will store all the customer/investor information at one central server that is accessible to all the financial institutions. After opening a KYC account under the CKYC, customer/investor will get a 14-digit identification number (“KYC Number”) and that the same may be quoted by the investor wanting to invest in mutual funds. Further, the Mutual Fund/AMC is required to check whether the PAN of the investor has been updated in CKYCR. In case the PAN has not been updated, the Mutual Fund/AMC shall collect a self-certified copy of the investor’s PAN card and update/upload the same in CKYCR. In case the Investor uses the old KRA KYC form for updating of any KYC information, such investor shall be required to provide additional/missing information only by using the supplementary CKYC form or fill the new “CKYC form”.

With effect from Feb 1, 2017, the following will be applicable - CKYC (for Individuals) and KYC (for Non-Individuals, as per existing process). KYC or CKYC may be used interchangeably while writing in SID/SAI; though with the clear understanding that CKYC is applicable for Individuals only.

Restrictions on acceptance of third party instruments	<p>TAMCO will not accept any application for subscription to units of schemes of Taurus Mutual Fund where such application is accompanied by Third Party Payment other than the exceptions given in paragraph below.</p> <p>‘Third-Party Payment’ means a payment made through instruments issued from a bank account other than that of bank account of first named applicant/investor. In case of payments from a joint bank account, the first named unit holder/investor must be one of the joint holders of bank account from which payment is made.</p>

	<p>Exception to Third-Party Payments: TAMCO will accept subscriptions to schemes of Taurus Mutual Fund accompanied by Third Party Payment Instruments only in following exceptional cases:</p> <ol style="list-style-type: none"> Payment by Parents/Guardian* on behalf of a minor; Payment by an Employer on behalf of employees under Systematic Investment Plans (SIP) or lump sum / one-time subscription, through Payroll deductions or deductions out of expense reimbursements. A Custodian on behalf of a Foreign Institutional Investor (FII/FPI) or a client. Payment by TAMCO to a Distributor empanelled with it on account of commission/ incentive etc. in the form of the units of schemes of Taurus Mutual Fund through SIP or lump sum / one-time subscription, subject to compliance with SEBI Regulations and Guidelines issued by AMFI from time to time. Payment by a Corporate to its Agent / Distributor / Dealer (similar arrangement with Principal-agent relationship), on account of commission / incentive payable for sale of its goods / services, in the form of Mutual Fund units through Systematic Investment Plans or lump sum / one-time subscription, subject to compliance with SEBI Regulations and Guidelines issued by AMFI, from time to time. <p>* 'Guardian' means either a natural guardian (i.e. father or mother - Parent) or a court appointed legal guardian.</p> <p>In case of exceptions mentioned above, investors will be required to comply with the following requirements without which application for subscription to units will be rejected:</p> <ol style="list-style-type: none"> Mandatory Know Your Customer ('KYC') for all investors (guardian in case of minor) and the person making the payment. KYC Acknowledgement Letter for all the investors as well as the person making the payment should be attached to the application form. Third Party Declaration from the investors (guardian in case of minor) and the person making the payment (third party) stating details of bank account from which the payment is made and the relationship with the investor(s). In addition, TAMCO reserves the right to ask for cancelled cheque leaf or copy of bank statement / pass book page mentioning bank account number, account holders' name and address or such other document as TAMCO may require for verifying the source of funds to ensure that funds have come from the drawer's account only. If the subscription is settled with pre-funded instruments such as Pay Order, Demand Draft, Banker's Cheque etc., a Certificate from the issuing banker must accompany the purchase application, stating the Account holder's name and the Account number which has been debited for issue of the instrument. TAMCO shall check that the funds have been debited from a pre-registered pay in account, or from the account of the first named unit holder. A pre-funded instrument issued by the Bank against Cash shall not be accepted for investments of Rs 50,000/- or more. If payment is made by RTGS, NEFT, ECS, bank transfer etc, a copy of the instruction to the bank stating the account number debited must accompany the purchase application. TAMCO shall check that the account number mentioned on the transfer instruction copy is a registered pay-in account or belonging to the first named unit holder. If aggregated payments are received via Channel distributors, TAMCO shall ensure that the settlement model has satisfactory checks and balances against third party payments. For payments through net banking and debit cards (as and when made applicable) , TAMCO shall endeavour to obtain the details of the bank account debited from the payment gateway service provider and match the same with the registered pay-in accounts. If it is found that the payment is not made from a registered bank account or from an account not belonging to the first named unit holder, TAMCO shall reject the transaction with due intimation to the investor. Currently, where the investor account details are not made available by the payment gateway service provider, TAMCO shall obtain the name of the bank making payment for the subscription.
Safe mode of writing cheque	As a best practice, to avoid fraud, investors are advised to prepare the payment instrument (i.e. either cheque or demand draft or payorder) favoring the name of the scheme with the first investor's name, PAN number or Folio number (if any) e.g.: "Taurus Flexi Cap Fund – Adarsh Shah (Name of the investor)" or "Taurus Flexi Cap Fund – AAABS356F" or "Taurus Flexi Cap Fund -6012345648"
Transferability of Mutual Fund Units in Dematerialized Form	Units issued by Taurus Mutual Fund in the Dematerialized Form can freely be transferred from one Demat Account to another Demat Account effective from 1st October 2010. However, restrictions on transfer of units of ELSS schemes during the lock-in period shall continue to be applicable as per the ELSS Guidelines.
Special Products available	<p><u>SYSTEMATIC INVESTMENT PLAN</u></p> <p>This facility enables investors to save and invest periodically over a longer period of time. It is a convenient way to "invest as you earn" and affords the investor an opportunity to enter the market regularly, thus averaging the</p>

acquisition cost of Units. SIP Facility can be availed monthly/quarterly on the following dates: 1st, 5th, 10th, 15th & 28th [default date is 10th of each month/quarter]. Where the SIP end date is not given, the default SIP period will be 1 year. If any SIP date falls on a holiday/non-business day, then the next business day will be taken as the date of the SIP transaction.

Eligible schemes are – All open-ended Debt & Equity schemes. The minimum initial SIP amount can be Rs 1000/- & in multiple of Re1/- thereafter for monthly SIP and Rs 1500/- & in multiple of Re 1/- thereafter for quarterly SIP.

The investor can directly opt for the SIP (without the need for making a minimum lump sum investment of Rs 5000/-) by selecting one of the following two options:

(i) Monthly SIP : Monthly SIP instalments of atleast Rs 1000/- each for a minimum period of 6 months aggregating to Rs 6000/-

(ii) Quarterly SIP: Quarterly SIP instalments of atleast Rs 1500/- each for a minimum period of 4 quarters aggregating to Rs 6000/-

For **Taurus Tax Shield**: Minimum number of instalments is 12 and minimum value per Instalment is Rs 500/-

Investors can avail this facility either through ECS (Debit Clearing) of the Reserve Bank of India (RBI) in select cities OR through Auto Debit (standing Instruction)/ NACH via selected banks. Please see the table below –

SIP via ECS / Auto Debit / NACH	SIP frequency	Min. application amt. (Initial or 1 st purchase in a new/existing folio)	Min. number of ECS/Auto Debit/ NACH instructions **	Min. value per installment **	Min. aggregate value of all SIP installments
	Monthly	Rs.1000/- & in multiple of Re1/- thereafter	6	Rs.1000/- & in multiple of Re 1/- thereafter	Rs.6000/-
	Quarterly	Rs.1500/- & in multiple of Re1/- thereafter	4	Rs.1500/- & in multiple of Re 1/- thereafter	Rs. 6000/-

****Taurus Tax Shield Fund** – Min. number of installment is 12 & minimum amount per installment is Rs. 500/-

For SIP through ECS/NACH mandate, a cancelled cheque with the first holder's name on the face of the cheque is required to be submitted along with the ECS mandate. All the cheques/ payment instructions (including the first cheque/ payment instruction) shall be of equal amounts. After the initial purchase, the first installment date should be at least 30 calendar days after the date of the SIP application submission. If the initial purchase also happens to be the first SIP installment investment in an existing folio, then the second SIP installment date should be at least 30 calendar days after the date of SIP application submission. Non MICR/ Outstation cheques will not be accepted. There is no upper limit for the Purchase for a single cheque/ payment instruction or in aggregate.

The Auto-Debit facility is presently being offered to investors who provide the bank details as per the following list – Bank of Baroda, Bank of India, Punjab National Bank, Kotak Mahindra Bank, Indusind Bank, Citi Bank, HDFC Bank, IDBI Bank, ICICI Bank, Axis Bank, State Bank of India, Union Bank of India & Corporation Bank.

Micro SIP is available too and refers to SIPs upto Rs 50,000/- per year per investor i.e. aggregate of investments in a rolling 12 months period or in a financial year. For Micro SIP, the maximum installment amount can be Rs 4,000/- per month or Rs12,000/-per quarter in addition to the above conditions.

A SIP cancellation request should be submitted at least 15 working days prior to the next installment date. On

receipt of a valid request, SIP will be terminated and the debit instruction given by the investor under ECS/ Auto Debit/ NACH will be cancelled.

The AMC reserves the right to reject any application inter alia in the absence of fulfillment of any regulatory requirements, fulfillment of any requirements as per the instructions in the application form, incomplete/ incorrect documentation and non-submission of any necessary information to the satisfaction of the Mutual Fund/AMC. Investors may also visit our website www.taurusmutualfund.com for any latest updates. iSIP is available via “Transact Online” (Taurus MF Website) to enable investors to invest in Taurus Mutual Fund Schemes via Online SIP.

SYSTEMATIC TRANSFER PLAN

Systematic Transfer Plan (STP) is a facility wherein an investor in any open-ended scheme (Transferor or Source scheme) of Taurus Mutual Fund can opt to transfer a fixed amount at regular intervals (as per the table below) to any other open-ended scheme(s) (Transferee or Target scheme) of Taurus Mutual Fund. The first STP transfer date will be at least 15 days after the date of STP application. The Units will be allotted / redeemed at the Applicable NAV of the respective dates of the Scheme on which such transfers are sought from the Scheme. In case the day on which the transfer is sought is a non-Business Day for the Scheme, then the application for the facility will be deemed to have been received on the immediately following Business Day. An investor may cancel or may change the amount, not below the specified minimum, by giving at least 15 working days prior written notice. STP may be terminated automatically if the balance falls below the minimum account balance or upon the receipt of notification of death or incapacity of the unitholders by the fund. Rules relating to the plan may be changed from time to time.

STP is not available for investments under lock-in period or pledge. In case of insufficient balance, the STP will not be affected.

Investors' details and mode of holding in the Transferee or Target scheme will be the same as that in the Transferor or Source scheme. Exit load, as applicable, will be levied on the transfer of units from the Source scheme.

STP Frequency	Minimum STP installment amount	Min. number of installments
Daily	Rs. 500/-	12
Weekly (Friday)	Rs. 500/-	12
Monthly **	Rs. 1,000/-	6
Quarterly **	Rs. 1,500/-	4

** Monthly & Quarterly dates are 1st, 5th, 10th, 15th and 28th.

The AMC reserves the right to reject any application inter alia in the absence of fulfillment of any regulatory requirements, fulfillment of any requirements as per the instructions in the application form, incomplete/ incorrect documentation and non-submission of any necessary information to the satisfaction of the Mutual Fund/AMC. SYSTEMATIC WITHDRAWAL PLAN

Systematic Withdrawal Plan is a facility which enables the unitholders to withdraw fixed sums from their unit accounts at periodic intervals. Any unitholder can avail of this facility subject to the terms and conditions contained in the SWP application form. A unitholder can opt for the facility at any time and receive regular monthly / quarterly payments from the account. The first withdrawal date should be at least 7 business days after the date of SWP application. The valid dates for SWP are 1st, 5th, 10th, 15th and 28th. The minimum number of SWP installments is 6 and the minimum SWP amount is Rs. 1000/-.

The amount withdrawn under SWP by redemption shall be converted into units of the scheme at the applicable NAV and such units will be subtracted from the unit balance of that unitholder. In case the date falls on a holiday or falls during a Book Closure Period, the immediate next Business Day will be considered for this purpose. Taurus Mutual Fund may close an investor's account if the balance falls below Rs5000/- or equivalent number of units, due to redemptions or use of SWP. This minimum balance amount needed for SWP may be

	<p>altered from time to time at the discretion of the AMC. Unitholders may terminate the SWP or change the amount of withdrawal, but not below the specified minimum, by giving 15 days notice to the Fund / R&T Agent. In case of Fixed Withdrawal, if the amount of installment is more than the amount available in that account for redemption, the entire available amount will be redeemed and the SWP will terminate automatically. In such a scenario, AMC will have no obligation to communicate to the investor before automatic termination of SWP. It will also terminate automatically upon the receipt of notification of death or incapacity of the unitholder. SWP is not available for investments under lock-in period and pledge.</p> <p>The investor can opt for direct credit of the redemption proceeds to their bank accounts & Taurus Mutual Fund will endeavor to credit the payout directly to that bank account through available electronic mode(s) (ECS/Direct Credit). The AMC/MF shall not be responsible if payout through electronic mode(s) (ECS/Direct Credit) does not get affected due to incomplete or incorrect information or any other technical/operational reasons. The AMC/MF reserves the right to use any other mode of payment as deemed appropriate.</p> <p>Applicable to all Special Products – in case of 3 consecutive rejections of installments (for SIP/OptiSIP/SWP/STP/iSIP/Opti-iSIP), Taurus MF reserves the right to Cancel/Reject all future transactions.</p>

Account of Minor, Account Status Change, Minor attaining Majority and Change of Guardian.	<p>A) i) New Account / Folio is opened on behalf of a Minor</p> <ul style="list-style-type: none"> • The minor shall be the first and the sole holder in an account; OR a Joint holder with the Guardian. • Guardian in the account / folio on behalf of the minor should be either a natural guardian (i.e. father or mother) or a court appointed legal guardian. Further, the minor's Date of Birth (DOB) too should be mentioned on the application form. Documents supporting the DOB of the minor and also the relationship of the Guardian & the Minor have to be enclosed. <p>ii) Existing unit holders are requested to review the Bank Account registered in the folio and ensure that the registered Bank Mandate is in favour of minor or joint with registered guardian in folio. If the registered Bank Account is not in favour of minor or not joint with registered guardian, kindly submit the change of bank mandate where minor is also a bank account holder (either single or joint with registered guardian).</p> <p>B) Minor attaining Majority - Status change</p> <ul style="list-style-type: none"> • On the Minor becoming a Major, the status of the same needs to be incorporated in the folio. For this, the Investor has to submit KYC acknowledgement, mobile no. & email id, details of bank account wherein the Major has operating powers as well as signature of the Major, suitably attested. The sign attestation may be done by the parent/guardian whose signature is registered in the our records against the folio; OR by the competent person from the bank in which the investor holds the account • In case of non-receipt of request for change of status along with relevant documents, minor folio/account will

	<p>be frozen, for operation by guardian, from the date of minor attaining the status of majority as per the records.</p> <ul style="list-style-type: none"> • Systematic Investment Plan (SIP), Systematic Transfer Plan (STP) and Systematic Withdrawal Plan (SWP), on the basis of which the standing instruction was issued, will be suspended when the minor attains majority, till the status is changed to major. <p>C] Change in Guardian</p> <ul style="list-style-type: none"> • In case of a change in guardian, the new guardian must either be a natural guardian (i.e. Father or mother) or a court appointed legal guardian and such guardian shall mandatorily submit the supporting documents showing the relationship with the minor, KYC acknowledgement, Bank attestation of signature of the new guardian in a bank account of the minor where the new guardian is registered as the guardian, etc.
Updation of Records by Investors	<p>i) All existing investors are advised to update the records with their updated information, not limited, to latest bank account details, FATCA, CKYC, NOMINEE, mobile & email ID. Investors holding Unit Certificates are advised to surrender the certificate and collect the updated statement of account.</p> <p>ii) Where still not updated in the folio, investors are requested to provide their PAN/PEKRN number at the earliest.</p> <p>iii) Email Id & Mobile no. as provided in the application will be updated. In absence of this, the details available in KYC data may be updated by the AMC/RTA.</p> <p>iv) AMC reserves the right to ask for any additional document at its discretion, before processing any financial or non-financial transaction, in order to establish the identity of the investor & meet the required regulations.</p> <p>Note: The email id & mobile no. provided by the investor should belong either to the first holder only. It should not belong to any other third party (including advisors - RIAs or distributor's - MFDs). If a breach is found, AMC/RTA reserve the right to delete such information. As a general rule, the email address of one investor is not allowed to be updated against multiple folios, unless a specific written request (with proper reasons) is received in this regard duly signed by all investors, OR if the investors in such folios belong to the same family (self, spouse, dependant parents & dependant children). This should be treated as a mandatory and important requirement to not only ensure speedy & efficient communication between the investor(s) & AMC/RTA but also to prevent any fraudulent transactions.</p>
Nomination Facility	<p>The AMC provides an option to the Unit holders to nominate (in the manner prescribed under SEBI regulation), a person (s) in whom the units held by him shall vest in the event of his death.</p> <p>Nomination can be made only by individuals on their own behalf, either singly or jointly. If the Units are held jointly, all joint Unitholders must sign the nomination form. Non-individuals including society, trust, body corporate, partnership firm, Karta of HUF, holder of POA cannot nominate.</p> <p>Only the following categories of Indian residents can be nominated: (a) individuals; (b) minors through parent/legal guardian (whose name and address must be provided); (c) religious or charitable trusts; and (d) Central Government, State Government, a local authority or any person designated by virtue of his office.</p> <p>Nomination can be made for a maximum of 3 nominees. In case of multiple nominees, the percentage of allocation, share in favour of each of the nominees should be indicated against their name and such allocation / share should be in whole numbers without any decimals making a total of 100 percent. In the event of Unitholders not indicating the percentage of allocation / share for each of the nominees, the Mutual Fund/ the AMC, by invoking the default option shall settle the claim equally amongst all the nominees.</p>
Nomination mandatory where mode of holding is single	<p>Nomination is mandatory for all the folios/accounts, where the mode of holding is single or the folio/account is opened by individual without any joint holding.</p> <ul style="list-style-type: none"> • In case investor does not wish to nominate for specific folio / account, he should fill the specific field by writing "Nomination not required" and sign on the application form. Application forms which have neither a nominee nor the request for "no nomination" will be rejected. • Nomination will not be allowed for the folios/accounts opened by minors.
Transmission of Units	<p>Transmission of units is required, on the death of unit holder/s, to their nominees, etc. Transmission could be to surviving unit holders, nominees or to the legal heirs of the unit holder. A request for transmission should be sent separately. If a redemption request accompanies the transmission request, the redemption request will be rejected. Depending upon the facts and circumstances of each case, various information and documents are required to be submitted for transmission of units. Please contact any of the offices of Taurus Asset Management Co. Ltd. or its Registrar & Transfer Agent for further details.</p>
Pledge of Units	<p>The Units under the respective Scheme(s) (subject to completion of lock-in period, if any) may be offered as</p>

	<p>security by way of a pledge / charge in favour of scheduled banks, financial institutions, non-banking finance companies (NBFCs'), or any other body. The AMC / R&T will note and record such Pledged Units. The Unitholder may request for the requisite form from the AMC / R&T. The AMC / R&T shall mark a lien only upon receiving the duly completed form and documents as it may require. Disbursement of such loans will be at the entire discretion of the bank / financial institution / NBFC or any other body concerned and the Mutual Fund assumes no responsibility thereof.</p> <p>The Pledgor will not be able to redeem Units that are pledged until the entity to which the Units are pledged provides written authorization to the Mutual Fund that the pledge / lien charge may be removed. As long as units are pledged, the Pledge will have complete authority to redeem such units.</p>
Account Statements	<p>For normal transactions (other than SIP/STP) during ongoing sales and repurchase:</p> <ul style="list-style-type: none"> The AMC shall inform the investor whose application (other than SIP/STP) has been accepted, via email/SMS specifying the number of units allotted within 5 working days from the date of transaction. <p>For those unitholders who have provided an e-mail address, the AMC will send the account statement by e-mail. The unitholder may request for a physical account statement by writing/calling the AMC/ISC/R&T.</p> <p>For SIP / STP transactions;</p> <ul style="list-style-type: none"> Account Statement for SIP and STP will be dispatched once every quarter ending March, June, September and December within 10 working days of the end of the respective quarter. A soft copy of the Account Statement shall be mailed to the investors under SIP/STP to their e-mail address on a monthly basis, if so mandated. However, the first Account Statement under SIP/STP shall be issued within 10 working days of the initial investment/transfer.
<p>Dividend</p> <p>(renamed as – IDCW^ – w.e.f. Apr 1, 2021</p> <p>^Income Distribution & Capital Withdrawal option</p>	<p>As per SEBI Circular SEBI/HO/IMD/DF3/CIR/P/2020/194 dtd Oct 5, 2020 – it is important for investors to note that under the “Dividend” option (renamed as IDCW w.e.f. Apr 1, 2021) certain portion of your capital (equalization reserve) can be distributed as Dividend. To understand this further, please note that when units are sold, and sale price (NAV) is higher than face value of the unit, a portion of sale price that represents realized gains shall be credited to an Equalization Reserve Account & which can be used to pay dividend.</p> <p>Under the IDCW Plan of the schemes, it is proposed to declare IDCWs subject to availability of distributable profits, as computed in accordance with SEBI Regulations. IDCWs, if declared, will be paid (subject to deduction of tax at source, if any) to those Unitholders whose names appear in the Register of Unitholders on the notified record date. However, it must be distinctly understood that the actual declaration of IDCW and the frequency thereof will inter-alia, depend on the availability of distributable profits as computed in accordance with SEBI Regulations. The decision of the Trustee in this regard shall be final. There is no assurance or guarantee to Unitholders as to the rate of IDCW distribution nor will that IDCWs be paid regularly. In order to be a Unitholder, an Investor has to be allotted units against receipt of clear funds by the Scheme. On payment of IDCWs, the NAV will stand reduced by the amount of IDCW and IDCW tax (if applicable) paid.</p> <p>If the Fund declares IDCW under a Scheme:</p> <ul style="list-style-type: none"> The IDCW warrants shall be dispatched to the Unit holders within 30 days of the date of declaration of the IDCW. The IDCW proceeds will be paid by way of ECS / EFT / NEFT / RTGS /Direct credits / any other electronic manner if sufficient banking account details of the investor are available with Mutual Fund In case of specific request for IDCW by warrants or unavailability of sufficient details with the Mutual Fund, the IDCW will be paid by warrant and payments will be made in favour of the Unit holder (registered holder of the Units or, if there are more than one registered holder, only to the first registered holder) with bank account number furnished to the Mutual Fund. <p>Reinvestment of IDCW Below the Threshold Amount - (Taurus Flexi Cap, Taurus Largecap Equity Fund, Taurus Discovery (Midcap) Fund, Taurus Ethical Fund, Taurus Infrastructure</p>

	<p>Fund, Taurus Nifty Index Fund and Taurus Banking & Financial Services Fund):</p> <p>If the IDCW amount payable to the unit holders under the IDCW payout option of the aforesaid Schemes/Plans is less than the threshold limit of Rs.250, then such amount will be compulsorily and automatically reinvested in the respective Schemes/Plans,.</p> <p>The IDCW distributed (net of tax deducted at source, whenever applicable) for an amount equal to or less than the threshold limit will be reinvested in the Scheme/ Plan by issuing additional Units of the Scheme at the prevailing ex-IDCW Net Asset Value o the record date. There shall be no exit load on the IDCW so invested. The IDCW so reinvested shall constitute a constructive payment of IDCW to the Unitholders and a constructive receipt of the same amount from each Unit Holder for reinvestment in Units.</p>
Redemption	<p>The redemption or repurchase proceeds shall be dispatched to the unitholders within 10 working days from the date of redemption or repurchase.</p> <p>Payment of Redemption Proceeds</p> <p>i. For Unit holders having a bank account with certain banks with whom the AMC may have an arrangement from time to time:</p> <p>The redemption proceeds shall be directly credited to their account by way of EFT/ NEFT / RTGS / Direct credits / any other electronic manner if sufficient banking account details of the investor are available with Mutual Fund.</p> <p>ii. For any Change of Bank/Multiple Bank Registration request in a folio with or without old bank details, if the new bank is not part of the existing Registered bank list, the up-dation of new bank details will take 10 calendar days from the date of receipt a valid request. If in this case, a redemption request is made before the up-dation of the new bank details, then the proceeds will be credited into the existing/old bank account. In case there are no existing bank details, then the proceeds will only be credited to the new bank after the records are updated in 10 calendar days, as described above.</p> <p>iii. For other Unit holders not covered by (i) or (ii) above and Unit holders covered by (i) or (ii), but have given specific request for Cheque/Demand Draft: Redemption proceeds will be paid by cheque and payments will be made in favour of the Unit holder with bank account number furnished to the Mutual Fund (please note that it is mandatory for the Unit holders to provide the Bank account details as per the directives of SEBI). Redemption cheques will be sent to the Unitholder's address.</p> <p>All Redemption payments will be made in favour of the registered holder of the Units or, if there is more than one registered holder, only to the first registered holder.</p>
Delay in payment of - i) redemption ii) IDCW iii) refund of NFO or Ongoing subscription amount & iv) correction or revalidation of any payment instrument	<p>i) In the event of delay/failure to dispatch the redemption/repurchase proceeds within the aforesaid 10 working days, the Asset Management Company shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum). The interest computation will be from the day following the 10th working day, till the date of actual remittance to the customer's bank account or dispatch of warrant/cheque, as the case may be.</p> <p>ii) Within 30 days of declaration (Record Date), IDCW must be dispatched to the investor. In the event of delay beyond 30 days, interest @ 15% pa shall be payable from the Record Date till the date of actual remittance/credit of IDCW in the investor's bank account or dispatch of the IDCW warrant.</p> <p>iii) For any credit pertaining to NFO/Ongoing subscription in a scheme backed by investor's transaction request and where such subscription is rejected by the AMC – the refund should be paid via electronic means/warrant dispatched within 5 working days from the date of closure of NFO. In case of ongoing subscription, this period of 5 working days will be computed from the later of the date of credit of funds or receipt & time- stamping of the application/online transaction. In the event of delay beyond 5 working days, interest @ 15% pa shall be payable from the day following the 5th working day till the date of actual remittance/credit of funds in the investor's bank account or dispatch of the warrant.</p> <p>iv) 1) There could be a scenario where after the initial delayed payment (+interest) is made as per i), ii) & iii) above, the investor comes back with 'funds not received' request, owing to some error at AMC/RTA's end. In such a case, the 'fresh' payment should be made with no further interest added, provided the payment/dispatch date of 'fresh' amount is within the maximum days permitted for the initial payment (Maximum Initial Payment Date - MIPD) viz. 10 working days (Redemption)/30 calendar days (IDCW)/5 working days (refund of Subscription). However, if there is a delay beyond</p>

	<p>the MIPD, then –</p> <p>a) Interest @ 15% pa will be computed for actual no. of calendar days beyond MIPD till date of issuance/payment provided the investor has approached the AMC/RTA (for correction) within 30 days from the date of receipt (issuance date, in case of an instrument) of the initial delayed payment.</p> <p>b) If, however, such correction request is received after 30 days, then interest may be paid for a maximum of 30 days from the date of receipt (issuance date) of the initial payment.</p> <p>iv) 2) If the request for correction is received from the investor without any error on the part of AMC/RTA, no interest shall be payable, provided the corrected instrument/instruction is issued by AMC/RTA with the MIPD or 10 working days from the date of receipt of the request for correction, whichever is later. For any delay beyond such date, interest shall be payable @ 15% pa till the date of actual payment, based on the number of calendar days.</p> <p>Some more details regarding the above – 1) If the interest so computed is less than ₹ 1, then it should be rounded up to ₹ 1 and paid. 2) The interest amount should be paid simultaneously on the same date on which the corrected amount is issued/paid.</p>
Restrictions, if any, on the right to freely retain or dispose of units being offered.	<p>Right to Limit Purchase & Redemptions</p> <p>The Trustee may, in the general interest of the Unit Holders of the Scheme and when considered appropriate to do so based on unforeseen circumstances / unusual market conditions, limit the total number of Units which may be redeemed on any Business Day to 5% of the total number of Units then in issue, under the Scheme and option(s) thereof, or such other percentage as the Trustee may determine. Any Units which consequently are not redeemed on a particular Business Day, will be carried forward for Redemption to the next Business Day, in order of receipt. Redemptions so carried forward will be priced on the basis of the Applicable NAV (subject to the prevailing Load) of the Business Day on which Redemption is made. Under such circumstances, to the extent multiple Redemption requests are received at the same time on a single Business Day, redemptions will be made on a pro-rata basis, based on the size of each Redemption request, the balance amount being carried forward for Redemption to the next Business Day.</p> <p>Pursuant to SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2016/57 dated May 31, 2016 the redemption/ purchase may be restricted under any Schemes of Taurus Mutual Fund only after the approval of Board of Taurus Asset Management Company Limited (TAMCO) and the Board of Taurus Investment Trust Company Limited (TITCO) when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the effective functioning of markets such as:</p> <p>i. Liquidity issues - when market at large becomes illiquid affecting almost all securities rather than any issuer specific security.</p> <p>ii. Market failures, exchange closures - when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies.</p> <p>iii. Operational issues - when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). Such cases can only be considered if they are reasonably unpredictable and occur in spite of appropriate diligence of third parties, adequate and effective disaster recovery procedures and systems.</p> <p>Restriction on redemption may be imposed for a specified period of time not exceeding 10 working days in any 90 days period.</p> <p>The following procedure shall be followed when restriction on redemption is imposed:</p> <p>i. No restriction would be imposed on redemption requests upto INR 2 lakhs</p> <p>ii. Where redemption requests are above INR 2 lakhs, TAMCO shall redeem the first INR 2 lakh without such restriction and the remaining part over and above INR 2 lakhs would be subject to the restriction imposed.</p>
Option to hold units in demat form	<p>Investors/Unit Holders are provided with an option to hold their Units in DEMAT form while subscribing to the Units of the above schemes of TMF. Such Unit Holders are required to have a beneficiary account with a Depository Participant (DP) registered with NSDL/CDSL. The DP can process only Redemption request of units held in demat form.</p> <p>In case, the unitholder desires to hold the units in DEMAT or Re-materialized (REMAT) mode at a later date, the request for conversion of units held in non-DEMAT into DEMAT mode or vice-versa should be submitted along with a DEMAT/REMAT Request Form to their DP.</p> <p>During the de-materialisation and re-materialisation process, NO financial and non-financial</p>

	<p>transactions are allowed.</p> <p>The facility of holding units in de-mat form is available for Systematic Investment Plan (SIP) transactions.</p> <p>Further, units for SIP transactions will be allotted based on the applicable NAV and will be credited to investors de-mat account on a weekly basis after the realisation of funds.</p>
Transaction through electronic mode	<p>The AMC may from time to time offer various facilities to the unit holders through electronic mode such as internet (online transaction facility), mobile phones, Kiosk, etc. to facilitate transactions in units of the scheme. The AMC may enter into such arrangements/ agreements as it may deem fit to give effect to the above.</p> <p>However, investors intending to take benefit of these facilities should note that they should use these services at their own risk. The Fund, the AMC, the Trustee, along with its directors, employees and representatives shall not be liable for any damages or injuries arising out of or in connection with the use of internet, mobile phones, Kiosk, etc or its non-use including, without limitation, non-availability or failure of performance, loss or corruption of data, loss of or damage to property (including profit and goodwill), work stoppage, computer failure or malfunctioning, or interruption of business; error, omission, interruption, deletion, defect, delay in operation or transmission, computer virus, communication line failure, unauthorized access or use of information.</p>
Trading in units through Stock Exchange mechanism & MFU	<p>SEBI vide its circular no. CIR/MRD/DSA/32/2013 dated October 04, 2013 had permitted Mutual Fund Distributors to use recognised stock exchanges' infrastructure to purchase and redeem mutual fund units directly from Mutual Fund / Asset Management Companies on behalf of their clients. Further SEBI vide its circular no. CIR/MRD/DSA/33/2014 dated December 09, 2014 has permitted non demat transactions also in the Mutual fund through stock exchange platform.</p> <p>Accordingly, it has been decided to make the following changes for Trading in units through stock exchange mechanism:</p> <ol style="list-style-type: none"> 1. Mutual Fund Distributor (MF distributor) registered with Association of Mutual Funds in India (AMFI) and permitted by the concerned recognized stock exchange shall be eligible to use recognized stock exchanges' infrastructure to purchase and redeem mutual fund units on behalf of their clients directly from Taurus Mutual Fund ('Fund') 2. The MF distributor shall not handle payout and pay in of funds as well as units on behalf of investor. Pay in will be directly received by recognized clearing corporation and payout will be directly made to investor account. In the same manner, units shall be credited and debited directly from the demat account of investors. 3. Non- demat transactions are also permitted through stock exchange platform. 4. In addition to the existing facility of purchase and redemption of units of the eligible units of the eligible Schemes/Plans of the Fund on Stock Exchange Infrastructure viz. BSE StAR MF Platform, the facility for Switching of units among the eligible Schemes/Plans of the Fund is also being made available to the investors. Investors can give a request for Switch only in number of units. 5. The switch transaction facility will be made available through other Stock Exchange Infrastructure as and when such a facility is made available by the concerned Stock Exchange. 6. W.E.F. June 1, 2020, BSE StAR MF has activated SIP PAUSE Facility. This allows an investor to "Pause" their ongoing SIPs up to 2 times, for the fixed period of 3 months or 6 months, during the period of registration. 7. The facility of transacting in mutual fund schemes including switch transaction facility through Stock Exchange(s) infrastructure will be in accordance with the procedures and guidelines, terms & conditions as prescribed by the respective Stock Exchange(s) from time to time. <p>Mutual Fund Utility (MFU)</p> <p>MF Utilities India Private Limited (MFUI) shall be an official point of acceptance for all financial and non- financial transactions. The updated list of POS of MFUI is available on www.mfuindia.com. The online transaction portal of MFU is www.mfuonline.com. D. COMPUTATION OF NAV

The Net Asset Value per unit shall be calculated by dividing the Net Assets of the Scheme by the total number of units outstanding under the scheme on the valuation date. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VII of the SEBI Regulations or such norms as may be specified by SEBI from time to time.

NAV of the units of the scheme shall be calculated as shown below:

NAV Rs. Per unit = Market or Fair value of Scheme's investments + Current Assets - Current Liabilities and Provisions / No. of units outstanding under the scheme

In respect of equity schemes, Net Asset Value will be rounded off upto two decimal points (upto four decimal points in respect of Taurus Nifty Index Fund) and in respect of debt/income schemes, Net Asset Value will be rounded off upto four decimal points.

The NAV will be calculated on all Business Days. The AMC will prominently disclose the NAVs under a separate head on the website of the Fund www.taurusmutualfund.com and on the website of Association of Mutual Funds in India (AMFI). Investor may write to AMC on customercare@taurusmutualfund.com for availing facility of receiving the latest NAVs through SMS.

IV. FEES AND EXPENSES

This section outlines the expenses that will be charged to the schemes.

A. NEW FUND OFFER (NFO) EXPENSES

All the schemes included in this Common Scheme Information Document are ongoing schemes and as such this section is not applicable.

B. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs, listing fees etc. The AMC has estimated that the following percentage p.a. of the daily net assets of the Scheme will be charged to the Scheme as expenses.

For the actual current expenses being charged, the investor should refer to the website of the mutual fund. The mutual fund would update the current expense ratios on the website at least three working days prior to the effective date of the change.

Investor can refer <https://www.taurusmutualfund.com/taurus-expense-ratio> - for Total Expense Ratio (TER) details.

In terms of SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2018/137 dated October 22, 2018, AMCs shall disclose the performance of all schemes on the website of AMFI and Mutual Fund website on daily basis.

Any change in the base TER (i.e. TER excluding additional expenses provided in Regulation 52(6A)(b), 52(6A)(c) of SEBI (Mutual Funds) Regulations, 1996 and Goods and Services Tax on investment and advisory fees) in comparison to previous base TER charged to any scheme/plan shall be communicated to investors of the scheme/plan through notice via email or SMS at least three working days prior to effecting such change. (For example, if changed TER is to be effective from January 8, 2018, then notice shall be given latest by January 2, 2018, considering at least three working days prior to effective date). Further, the notice of change in base TER shall be updated in the aforesaid section of website at least three working days prior to effecting such change.

Provided that any decrease / increased in TER in a mutual fund scheme due to various regulatory requirements, would not require issuance of any prior notice to the investors.’

The above change in the base TER in comparison to previous base TER charged to the scheme shall be intimated to the Board of Directors of AMC along with the rationale recorded in writing. The changes in TER shall also be placed before the Trustees on quarterly basis along with rationale for such changes.

Illustration of Impact of expense ratio on scheme's returns

To see how expense ratios can affect the investments over time, let's compare the returns of several hypothetical investments that differ only in expense ratio. The following table depicts the returns on Rs10,000 initial investment, assuming an average annualized gain of 10%, with different expense ratios (0.50%, 1%, 1.50%, 2% and 2.20%):

		Expenses Ratio			
Year	10% Gain (Rs)	0.50%	1.00%	1.50%	2.00%
0	10000.00	10000.00	10000.00	10000.00	10000.00
1	11000.00	10950.00	10900.00	10850.00	10800.00
2	12100.00	11990.50	11881.50	11773.00	11668.00
3	13310.00	13129.00	12951.92	12775.33	12610.00
4	14641.00	14375.00	14116.00	13874.00	13632.00
5	16105.10	15739.00	15386.00	15064.00	14742.00
	Less Received	366.1	719.1	1041.1	1363.1
	Less (Percentage)	2.27	4.47	6.46	8.46

If an investor had invested Rs10,000 in the scheme with a.2. 0% expense ratio, the value of the investment would be Rs 14742 after 5 years. Whereas, if the investor had invested Rs 10,000 in a scheme with 0.50% expense ratio, the investment would be worth Rs 15739 after 5 years.

C. LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem from the scheme. Load amounts are variable and are subject to change from time to time.

Equity Schemes

- I) Taurus Flexi Cap Fund, Taurus Discovery (Midcap) Fund, Taurus Ethical Fund and Taurus Largecap Equity Fund

Investment Amount	Entry Load	Exit Load
Any amount (Including SIP Application)	Nil	1% if exited on or before 365 days [^] , Nil if exited after 365 days [^]

Switch : Switch to any other scheme (Equity) - As applicable in Switch Out (From) Scheme

Taurus Infrastructure Fund, Taurus Banking & Financial Services Fund & Taurus Nifty Index Fund

Investment Amount	Entry Load	Exit Load
Any amount (Including SIP Application)	Nil	0.5% if exited on or before 7 days [^] , Nil if exited after 7 Days [^]

Switch : Switch to any other scheme (Equity) - As applicable in Switch Out (From) Scheme

- II) Taurus Tax Shield

Investment Amount	Entry Load	Exit Load
Any Amount (Including SIP Application)	Nil	Not Applicable (3 years [^] Lockin period)

[^]from the date of allotment

Switch : Switch to any other scheme (Equity) after 3yrs- As applicable in Switch Out (From) Scheme

- i) W.e.f. May 1, 2019 – The exit load applicability for all Switch transactions has been modified and as such, the Exit load will be applicable for all Switch Out transactions as applicable in the Switch Out (From) scheme
- ii) A Switch-Out/Withdrawal under SWP will also attract an exit load like any redemption.
- iii) In case of SIP / STP, the above criteria for Exit Load will be applicable for each installment.
- iv) Exit load is applicable for all the Plans/Options under the Scheme by applying First in First Out basis

In terms of **SEBI Circular No SEBI/IMD/CIR No.4/168230/09 dated June 30, 2009**, no entry load will be charged with respect to applications for purchase / additional purchase / switch-in accepted by the Fund. Similarly, no entry load will be charged with respect to applications for registrations under systematic investment plans (SIP) / systematic transfer plans (STP) accepted by the Fund.

In terms of **SEBI Circular No. CIR/HO/DF2/CIR/P/2018/137 dated 22.10.2018**, MF/AMC will pay full trail commission in all schemes,

In terms of **SEBI Circular No. CIR/IMD/DF/21/2012 dated 13.09.2012**, with effect from October 01,2012, Exit Load, if any charged to the investor will be credited to the Scheme, net of GST.

In accordance with **SEBI Circular No SEBI/IMD/CIR No.6/172445/2009 dated August 7, 2009** to bring about parity among all class of unit holders, no distinction among unit holders would be made based on the amount of subscription while charging exit loads.

Further in terms of **SEBI Circular No. SEBI/IMD/CIR No.7/173650/2009 dated August 17, 2009**, it shall be ensured that (a) The principle laid down in the SEBI Circular No. SEBI/IMD/CIR No.5/126096/08 dated May 23, 2008 (clause 16 of the standard observation) that “any imposition or enhancement in the load shall be applicable on prospective investments only” shall be followed. (b) The parity among all classes of unit holders in terms of charging exit load shall be made applicable at the portfolio level.

As per **SEBI/IMD/CIR No. 14/120784/08 dated March 18, 2008**, no entry or exit load would be charged on Bonus units and on units allotted on reinvestment of IDCW.

The investor is requested to check the prevailing load structure of the scheme before investing.

For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres.

Repurchase Price

The Mutual Fund shall ensure that the repurchase price shall not be lower than 93% of the NAV and the sale price shall not be higher than 107% of the NAV and the difference between the repurchase price and sale price of the units shall not exceed 7% calculated on the sale price as provided under SEBI (MF) Regulations.

The Trustee reserves the right to modify/alter the load structure with prospective effect, subject to the maximum limits as prescribed under the SEBI Regulations. In case of an exit load it may be linked to the period of holding.

At the time of changing the load structure, the AMC shall take the following steps:

Any imposition or enhancement in the load shall be applicable on prospective investments only. However, AMC shall not charge any load on issue of bonus units and units allotted on reinvestment of IDCW for existing as well as prospective investors. At the time of changing the load structure, the mutual funds may consider the following measures to avoid complaints from investors about investment in the schemes without knowing the loads:

- The addendum detailing the changes shall be attached to Scheme Information Documents and Key Information Memoranda. The addendum will be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and Key Information Memoranda already in stock.
- Arrangements shall be made to display the changes/modifications in the Scheme Information Document in the form of a notice in all the ISCs or the AMC.
- The introduction of the exit load/ CDSC along with the details shall be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load/CDSC.
- Also to be disclosed in the statement of accounts issued after the introduction of such load/CDSC.
- A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.
- Any other measure which the Fund may feel necessary.

The investor is requested to check the prevailing load structure of the Scheme before investing.

D. WAIVER OF LOAD FOR DIRECT APPLICATIONS:

Pursuant to SEBI Circular no. SEBI/IMD/CIR No.4/168230/09 dated June 30, 2009 no entry load shall be charged for all mutual fund schemes. Therefore, the procedure for waiver of load for direct applications is no longer applicable.
