Clause 17.16 of SEBI Master Circular dated May 19, 2023	

Change in Investment Pattern/ Portfolio Rebalancing

Subject to SEBI (MF) Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit holders.

As per SEBI Circular no. SEBI/HO/IMD/DF2/CIR/P/2021/024 dated March 4, 2021 and pursuant to clause 1.14.1.2.b of SEBI Master Circular dated May 19, 2023, as may be amended from time to time, such changes in the investment pattern will be for short term and for defensive consideration only.

In the event of change in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 calendar days or such other timeline as may be prescribed by SEBI from time to time.

Pursuant to clause 2.9 of SEBI Master Circular dated May 19, 2023 and As per SEBI Circular no. SEBI/HO/IMD/IMD-II DOF3/P/ CIR/2022/39 dated March 30, 2022, as may be amended/clarified

	<p>from time to time, in the event of change in the asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager is required to carry out portfolio rebalancing within 30 Business Days. In case the portfolio is not rebalanced within the period of 30 Business days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business days from the date of completion of the mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid clause including reporting the deviation to Trustees at each stage.</p>
Investment Strategy	<p>The objective of the Scheme would be to seek long term capital appreciation by investing primarily in the equity and equity related instruments of Banking, Financial and Non Banking Financial Companies that form part of the BFSI Sector. The portfolio manager will adopt an active management style to optimize returns. Income generation may only be a secondary objective. In line with the above, the Scheme will primarily focus on opportunities in the financial services sector.</p>
Risk Profile of the scheme	<p>Mutual Fund units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment.</p> <p>The Scheme specific risk factors are summarized as follows:</p> <p>1. Risks associated with equity and equity related instruments: Equity and equity related instruments by nature are volatile and prone to price fluctuations on a daily basis due to macro and micro economic factors. The value of Equity and Equity Related Instruments may fluctuate due to factors affecting the securities markets such as volume and volatility in the capital markets, interest rates, currency exchange rates, changes in law/policies of the Government, taxation laws, political, economic or other developments, which may have an adverse impact on individual securities, a specific sector or all sectors. Consequently, the NAV of the Units issued under the Schemes may be adversely affected.</p> <p>Further, the Equity and Equity Related Securities are risk capital and are subordinate in the right of payment to other securities, including debt securities.</p> <p>Equity and Equity Related Instruments listed on the stock exchange carry lower liquidity risk; however the Schemes' ability to sell these investments is limited by the overall trading volume on the stock exchanges. In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of a Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolio may result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held in the Scheme's portfolio.</p> <p>The Schemes may invest in securities which are not listed on the stock exchanges. These securities may be illiquid in nature and carry a higher amount of liquidity risk, in comparison to securities that are listed on the stock exchanges or offer other exit options to the investor. The liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.</p> <p>2. Risks associated with Fixed Income and Money Market Instruments:</p> <p>Price Risk/Interest Risk Fixed Income and Money Market Instruments carry price risk (also known as interest rate risk). Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rate falls, the prices increase. In case of floating rate instruments, the general level of price risk is low (as compared to fixed rate instruments), however, these instruments are also subject to some amount of interest rate risk as the spread over the benchmark rate may change. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Prices of bonds/money market instruments traded change frequently (up or down) which in turn leads to changes in the NAV of the scheme which holds such securities.</p>

Credit Risk

Credit risk or default risk refers to the risk that the issuer of a fixed income security may default on interest payment or paying back the principal amount on maturity. In case of Government Securities, there is minimal credit risk. Lower rated or unrated securities carry a higher credit risk as compared to higher rated securities.

3. Liquidity or Marketability Risk

The ability of a fund to execute sale/purchase orders is dependent on the liquidity of the underlying securities. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. The securities that are listed on the stock exchange carry lower liquidity risk, but the ability to sell these securities is limited by the overall trading volumes. Further, different segments of Indian financial markets have different settlement cycles and may be extended significantly by unforeseen circumstances.

4. Re-investment Risk

This refers to the risk that intermediate cash flows received from a security is re invested at a different rate than assumed at the time of purchase.

5. Prepayment Risk

Certain fixed income securities give an issuer a right to call back its securities before their maturity date. This right is generally exercised when interest rate has declined. The proceeds received when such right is exercised may get invested at lower yield as the interest rate have declined. This risk of deploying proceeds at lower rate is known as prepayment risk.

6. Risks associated with investments in Government Securities:

The Government Securities Market is the largest and most liquid market in India, with the large participants being banks, non-banking finance companies, insurance companies and provident funds which are required by statutes to invest in Government securities. The government securities are being issued in a tenure starting from 3m upto 40 years at present. It is more liquid in nature because of large investor base as compared to corporate bonds. Since, it is being issued over long tenure compared to corporate bonds, it carries higher interest rate risk on long tenure securities. Since the security is sovereign in nature, the credit risk is minimal.

7. Risks associated with Investing in Derivatives:

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the Fund Manager to identify such opportunities. Identification and execution of the strategies to be pursued by a Fund Manager involve uncertainty and decision of a Fund Manager may not always be profitable. No assurance can be given that a Fund Manager will be able to identify or execute such strategies. The scheme may invest in Derivative and will allow a max exposure of 20% of the portfolio in Derivatives.

Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments. Other risks include risk of mis- pricing or improper valuation and the inability of the derivative to correlate perfectly with underlying assets, rates and indices, illiquidity risk whereby a Scheme may not be able to sell or purchase derivative quickly enough at a fair price.

8. Risks associated with Securities Lending:

The risks in lending portfolio securities, as with other extensions of credit, consist of the failure of another party, in this case the approved intermediary, to comply with the terms of agreement entered into between the lender of securities i.e. the

Scheme and the approved intermediary. Such failure to comply with can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate

benefits accruing to the lender from the securities deposited with the approved intermediary. The Mutual Fund may not be able to sell such lent securities and this can lead to temporary illiquidity. The Fund Manager will apply the following limit – Not more than 20% of the net assets of the Scheme can generally be deployed in securities lending.

9. Risks associated with Short Selling:

The Scheme may enter into short selling transactions, subject to SEBI and RBI Regulations. Short positions carry the risk of losing money and these losses may grow unlimited theoretically if the price of the stock increases without any limit which may result in major losses to the Scheme. At times, the participants may not be able to cover their short positions, if the price increases substantially. If numbers of short sellers try to cover their position simultaneously, it may lead to disorderly trading in the stock and thereby can briskly escalate the price even further making it difficult or impossible to liquidate short position quickly at reasonable prices. In addition, short selling also carries the risk of inability to borrow the security by the participants thereby requiring the participants to purchase the securities sold short to cover the position even at unreasonable prices.

10. Risks associated with transactions in units through Stock Exchange Mechanism:

In respect of transactions in Units of the Scheme through NSE and/ or BSE or any other recognized stock exchange, allotment and redemption of Units on any Business Day will depend upon the order processing/ settlement by NSE, BSE or such other exchange and their respective clearing corporations on which the Fund has no control. Further, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by NSE, BSE or such other recognized exchange in this regard.

11. Settlement Risk:

Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Portfolio to make purchases in intended securities due to settlement problems could cause the Portfolio to miss certain investment opportunities.

12. Regulatory Risk:

The value of the securities may be affected by uncertainties such as changes in government policies, changes in taxation, and other developments in the laws and regulations.

13. Risk Associated with Unlisted Securities:

Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including put options. The AMC may choose to invest in unlisted domestic securities that offer attractive yields within the regulatory limit. This may however increase the risk of the portfolio. Additionally, the liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.

14. Risks associated with investing in Tri Party Repo through CCIL (TREPS):

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is

known as the "Default Waterfall". As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members.

Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be

used to meet the residual loss in case of default by the other clearing member (the defaulting member).

Additional Risk:

Risk Associated with Investment in a Sector

The fund will invest in equity and equity related securities of companies engaged in banking and financial services and hence concentration risk is expected to be high.

The scheme is also vulnerable to movements in the prices of securities invested by the scheme, which again could have a material bearing on the overall returns from the scheme. These stocks, at times, may be relatively less liquid as compared to growth stocks.

Investing in a sectoral fund is based on the premise that the Fund will seek to invest in companies belonging to a specific sector. This will limit the capability of the Fund to invest in other sectors. Also, as with all equity investing, there is the risk that companies in that specific sector will not achieve its expected earnings results, or that an unexpected change in the market or within the company will occur, both of which may adversely affect investment results. Thus investing in a sector specific fund could involve potentially greater volatility and risk.

For details on risk factors and risk mitigation measures, please refer SID.

Plans & Options

The Scheme will offer two plans : Regular Plan* and Direct Plan

Regular Plan: This Plan is for investors who wish to route their investment through a mutual fund distributor.

Direct Plan shall be available for such investment applications which are not routed through a distributor; investors can either invest directly or via a SEBI Registered Investment Advisor (RIA)/Stock broker. All the features of the Direct Plan under Scheme like the investment objective, asset allocation pattern, investment strategy, risk factors, facilities offered load structure etc. will be the same except for a lower expense ratio. Brokerage/Commission paid to distributors will not be paid / charged under the Direct Plan.

*The nomenclature of Existing Plan changed to Regular Plan with effect from 12/06/2015.

Default Plan

Investors subscribing for units under Direct Plan of a Scheme should indicate 'Direct Plan' against the scheme name in the application form. Investors should also mention 'Direct' in the ARN column of the application form. The table showing various scenarios for treatment of application under 'Direct Plan' or 'Regular (Existing) Plan' is as follows:

For those unitholders who have provided an e-mail address, the AMC will send the account statement by email.</p> <ul style="list-style-type: none"> • The unitholder may request for a physical account statement by writing/calling the AMC/ISC/R&T. <p>For SIP / STP transactions;</p> <ul style="list-style-type: none"> • Account Statement for SIP and STP will be despatched once every quarter ending March, June, September and December within 10 working days of the end of the respective quarter. • A soft copy of the Account Statement shall be mailed to the investors under SIP/STP to their e-mail address on a monthly basis, if so mandated. • However, the first Account Statement under SIP/STP shall be issued within 10 working days of the initial investment/transfer. <p>Half Yearly Account Statement:</p> <ul style="list-style-type: none"> • The Mutual Funds shall provide the Account Statement to the Unitholders who have not transacted during the last six months prior to the date of generation of account statements. The Account Statement shall reflect the latest closing balance and value of the Units prior to the date of generation of the account statement. • Alternately, soft copy of the account statements shall be mailed to the investors' e-mail address, instead of physical statement, if so mandated. <p>Consolidated Account Statement</p>

Common Account Statement for each calendar month would be sent to the investor/s those who have transacted during the month.

The investor whose transaction** has been accepted by the AMC/Mutual Fund shall receive the following:

(i) On acceptance of the application for subscription, an allotment confirmation specifying the number of units allotted by way of email and/or SMS within 5 Business Days from the date of receipt of transaction request will be sent to the Unit holders registered e-mail address and/or mobile number.

(ii) Thereafter, a consolidated account statement (CAS)^ for each calendar month to the Unit holder(s) in whose folio(s) transaction**(s) has/have taken place during the month on or before 15th of the succeeding month shall be sent by mail/e-mail.

^Consolidated Account Statement (CAS) shall contain details relating to all the transactions** carried out by the investor across all schemes of all mutual funds during the month and holding at the end of the month including transaction charges paid to the distributor.

**The word 'transaction' shall include purchase, redemption, switch, IDCW payout, IDCW reinvestment, systematic investment plan, systematic withdrawal plan, and systematic transfer plan and bonus transactions.

(iii) For the purpose of sending CAS, common investors across mutual funds shall be identified by their Permanent Account Number (PAN).

(iv) In case of a specific request received from the Unit holders, the AMC/Fund will provide the account statement to the investors within 5 Business Days from the receipt of such request.

(v) In the event the account has more than one registered holder, the first named Unit holder shall receive the CAS/account statement.

(vi) The CAS shall not be received by the Unit holders for the folio(s) not updated with PAN details. The Unit holders are therefore requested to ensure that the folio(s) are updated with their PAN. Further, the CAS detailing holding across all schemes of all mutual funds at the end of every six months (i.e. September/ March), shall be sent by mail/e-mail on or before 21st day of succeeding month, to all such Unit holders in whose folios no transaction has taken place during that period. The half yearly consolidated account statement will be sent by e-mail to the Unit holders whose e-mail address is available, unless a specific request is made to receive in physical.

The statement of holding of the beneficiary account holder for units held in demat will be sent by the respective DPs periodically.

Investors are requested to note the following (effective from 02/07/2012):

(a) The Consolidated Account Statement (CAS) for each calendar month will be issued on or before 15th day of succeeding month to the investors who have provided valid PAN. Physical account statements will not be sent to the investors after every financial transaction including systematic transaction. Further CAS will be sent via e- mail where any of the folios consolidated has an e-mail id or to the e-mail id of the first unit holder as per KYC records.

(b) In case of a New Fund Offer (NFO) or ongoing transaction, the AMC shall send confirmation specifying the number of units allotted to the applicant by way of an e-mail/and/or SMS's to the investor's registered address and/or mobile number not later than 5 business days from the date of closure of the NFO or transaction date. (c) In case of a specific request received from the unit holder, the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request.

Applicable for unit holders having a Demat Account

With a view to create one record for all financial assets of every individual, SEBI vide its Circular no. CIR/MRD/DP/31/2014 dated November 12, 2014 enabled a single consolidated view of the investments of an investor in Mutual Funds (MF) and securities held in demat form with the Depositories.

In accordance with the above, the following shall be applicable for unit holders having a Demat Account:

- Investors having Mutual Fund investments and holding securities in demat account shall receive a single Consolidated Account Statement from the Depository.
- Consolidation of account statement shall be done on the basis of PAN. In case of multiple holding, it shall be the PAN of the first holder and pattern of holding. The CAS shall be generated on a monthly basis.
- If there is any transaction in any of the demat accounts of the investor or in any of his mutual fund folios, depositories shall send the CAS within ten days from the month end. In case there is no transaction in any of demat accounts or mutual fund folios then CAS with holding details shall be sent to the investor on half yearly basis.

The unit holders who do not have Demat Account shall continue to receive the Consolidated Account Statements (CAS) as per the existing practice.

Pursuant to SEBI vide its Circular No. SEBI/HO/IMD/DF2/CIR/P/2016/89 dated September 20, 2016 (modified via Circular No. SEBI/HO/IMD/DF2/CIR/P/2018/137 dated Oct 22, 2018) the following additional disclosures will be provided in the CAS issued to investors:

1. Total purchase value / cost of investment in each scheme.
2. The amount of actual commission paid by AMCs/ Fund to distributors during the half-year period
3. The scheme's average Total Expense Ratio (in percentage terms, along with the break-up between Investment & Advisory Fees) & Other expenses for the half-year period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.
4. Half-yearly CAS shall be issued to all Fund investors, excluding those investors who do not have any holdings in Fund schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

Monthly / Half - Yearly Portfolio Disclosures

Monthly Average Assets Under Management(AAUM) of all schemes, as on the last day of the month will be disclosed on the website of the Fund (www.taurusmutualfund.com) on or before 7 working days of the following month.

The AMC shall disclose portfolio (along with ISIN, Scheme & Index Riskometer AND Scheme Vs Index Performance) in a user friendly & downloadable spreadsheet format, as on the last day of the month/half year for the scheme(s) on its website www.taurusmutualfund.com and on the website of AMFI www.amfiindia.com within 10 days from the close of each month/half year.
